Network Access Exceptions

We work hard to make sure that you have access to thousands of eye doctors across the nation. Whether it's due to location or provider availability, you may need to go out-of-network to receive care.

Based from your home or office location, you have the right to obtain in-network level of benefits with an out-of-network provider when: (i) you cannot schedule a visit within two-weeks, (ii) you are unable to locate a participating provider within a 10-mile radius in an urban-suburban area, or (iii) you are unable to locate a participating provider within a 20-mile radius in a rural area. You must submit a claim form to EyeMed for reimbursement.

Caution, this option is not available when you choose to use an out-of-network provider due to (i) your preference, (ii) when your personal schedule does not permit you to schedule an appointment with an available provider in two-weeks, (iii) or you are outside of your home or office location. Any person who, with intent to defraud or knowing that he or she is facilitating a fraud against an insurer, submits an application or files a claim containing a false or deceptive statement is guilty of insurance fraud.
