Important Notice from Aetna About Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that Aetna prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213, (TTY: 800-325-0778).

Introduction

This brochure describes the benefits of our Consumer Driven Health Plan and Value Plan under Aetna contract (CS 2938) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer service may be reached at 888-238-6240 or through our website: www.aetnafeds.com. The address for the Aetna* administrative office is:

Aetna Life Insurance Company
Federal Plans
PO Box 550
Blue Bell, PA 19422-0550

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2023, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefits are effective January 1, 2023, and changes are summarized in Section 2. Rates are shown at the end of this brochure.

**Health benefits and health insurance plans are offered, underwritten or administered by Aetna Life Insurance Company*

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee and each covered family member, "we" means Aetna.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

Stop Healthcare Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the phone or to people you do not know, except for your health care providers, authorized health benefits plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call us at 888-238-6240 and explain the situation.
  - If we do not resolve the issue:

CALL THE HEALTHCARE FRAUD HOTLINE

877-499-7295

OR go to:

www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online reporting form is the desired method of reporting fraud in order to ensure accuracy and a quicker response time.

You can also write to:

United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100

- Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
  - Your child age 26 or over (unless they are disabled and incapable of self-support prior to age 26).

A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

Aetna complies with all applicable Federal civil rights laws, including Title VII of the Civil Rights Act of 1964.

You can also file a civil rights complaint with the Office of Personnel Management by mail at: Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Attention: Assistant Director, FEIO, 1900 E Street NW, Suite 3400-S, Washington, DC 20415-3610.

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own health care and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. **Ask questions if you have doubts or concerns.**
   - Ask questions and make sure you understand the answers.
   - Choose a doctor with whom you feel comfortable talking.
   - Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. **Keep and bring a list of all the medications you take.**
   - Bring the actual medications or give your doctor and pharmacist a list of all the medications and dosage that you take, including non-prescription (over-the-counter) medications and nutritional supplements.
   - Tell your doctor and pharmacist about any drug, food and other allergies you have, such as to latex.
   - Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
   - Make sure your medication is what the doctor ordered. Ask the pharmacist about the medication if it looks different than you expected.
   - Read the label and patient package insert when you get your medication, including all warnings and instructions.
   - Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
   - Contact your doctor or pharmacist if you have any questions.
   - Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3. **Get the results of any test or procedure.**
   - Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider’s portal?
   - Don’t assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
   - Ask what the results mean for your care.

4. **Talk to your doctor about which hospital or clinic is best for your health needs.**
   - Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the health care you need.
   - Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. **Make sure you understand what will happen if you need surgery.**
   - Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
   - Ask your doctor, “Who will manage my care when I am in the hospital?”
   - Ask your surgeon:
     - "Exactly what will you be doing?"
     - "About how long will it take?"
     - "What will happen after surgery?"
     - "How can I expect to feel during recovery?"

- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions ("Never Events")

When you enter the hospital for treatment of one medical problem, you do not expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a health care facility. These conditions and errors are sometimes called "Never Events" or "Serious Reportable Events."

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error. You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct Never Events, if you use Aetna preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

  We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Minimum essential coverage (MEC)**

  Coverage under this plan qualifies as minimum essential coverage. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

- **Minimum value standard (MVS)**

  Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.

- **Where you can get information about enrolling in the FEHB Program**

  See www.opm.gov/healthcare-insurance for enrollment information as well as:

  - Information on the FEHB Program and plans available to you
  - A health plan comparison tool
  - A list of agencies that participate in Employee Express
  - A link to Employee Express
  - Information on and links to other electronic enrollment systems

  Also, your employing or retirement office can answer your questions, give you other plans' brochures and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

  - When you may change your enrollment
  - How you can cover your family members
  - What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
  - What happens when your enrollment ends
  - When the next Open Season for enrollment begins

  We do not determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, disability leave, pensions, etc. you must also contact your employing or retirement office.

  Once enrolled in your FEHB Program Plan, you should contact your carrier directly for address updates and questions about your benefit coverage.

- **Types of coverage available for you and your family**

  Self Only coverage is only for the enrollee. Self Plus One coverage is for the enrollee and one eligible family member. Self and Family coverage is for the enrollee, and one or more eligible family members. Family members include your spouse and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

  If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event.

The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

Contact your carrier to add a family member when there is already family Coverage.

Contact your employing or retirement office if you are changing from Self to Self Plus One or Self and Family or to add a family member if you currently have a Self Only plan.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status including your marriage, divorce, annulment or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/ payroll office, or retirement office.

- **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by a valid common-law marriage from a state that recognizes common-law marriages) and children as described below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member as described below.

Natural children, adopted children, and stepchildren
Coverage: Natural children, adopted children, and stepchildren are covered until their 26th birthday.

Foster children
Coverage: Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.

Children incapable of self-support
Coverage: Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.

Married children
Coverage: Married children (but NOT their spouse or their own children) are covered until their 26th birthday.

Children with or eligible for employer-provided health insurance
Coverage: Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

- **Children's Equity Act**

OPM implements the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be processed according to the 2023 benefits of your prior plan or option.** If you have met (or pay cost-sharing that results in your meeting) the out-of-pocket maximum under the prior plan or option, you will not pay cost-sharing for services covered between January 1 and the effective date of coverage under your new plan or option. However, if your prior plan left the FEHB Program at the end of the year, you are covered under that plan's 2022 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or assistance with enrolling in a conversion policy (a non-FEHB individual policy).

- **Upon divorce**

If you are divorced from a Federal employee, or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at: www.opm.gov/healthcare-insurance/healthcare/plan-information/. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, or if you are a covered child and you turn 26. You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends;
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert**.** You must contact us in writing within 31 days after you receive this notice**.** However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed, and your coverage will not be limited due to pre-existing conditions. When you contact us, we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact us at 888-238-6240 or visit our website at www.aetnafeds.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How This Plan Works

This Plan is an individual practice plan offering you a choice of a Consumer Driven Health Plan (CDHP) or a Value Plan. OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Aetna holds the following accreditations: National Committee for Quality Assurance ***and/or*** the local plans and vendors that support Aetna hold accreditation from the National Committee for Quality Assurance. To learn more about this plan's accreditation(s), please visit the following website:

- National Committee for Quality Assurance (www.ncqa.org)

General features of our Consumer Driven Health Plan (CDHP)

Our CDHP is a comprehensive consumer driven health plan that combines a traditional health plan with separate medical and dental funds that help you pay for covered medical and dental expenses. Aetna's CDHP puts you first, can save you time and money, and gives you flexibility, choice and control.

For 2023, CDHP offers 100% in-network preventive care coverage, including dental. You have:

- A consumer-controlled annual Medical Fund of $1,000/Self Only, $2,000/Self Plus One, or $2,000/Self and Family and an annual Dental Fund of $300/Self Only $600/Self Plus One, or $600/Self and Family to help you pay for eligible expenses. You use your Medical Fund first for covered medical expenses, then you need to satisfy your annual deductible. Once your deductible has been satisfied, the Traditional Medical Plan benefits will apply.
- Opportunity to rollover unused Medical and Dental Funds for use in future years.
- Online tools to help you manage your money and your health.
- Freedom to choose the providers you wish to see – with no referrals.
- A cap that limits the total amount you pay annually for eligible expenses.

Preventive care services for your CDHP

Preventive care services are generally covered with no cost-sharing and are not subject to copayments, deductibles or annual limits when received from a network provider.

Deductible for your CDHP

Once you have exhausted your medical fund, the annual deductible of $1,000 for Self Only, $2,000 for Self Plus One and $2,000 for Self and Family in-network and $1,500 for Self Only, $3,000 for Self Plus One and $3,000 for Self and Family out-of-network, must be met before Traditional Medical Plan benefits are paid for care other than preventive care services. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. In-network and Out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.

Catastrophic protection for your CDHP

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services, including deductibles and coinsurance cannot exceed $5,000 for Self Only enrollment, $10,000 for Self Plus One enrollment or $10,000 for Self and Family enrollment for in-network services or $6,000 for Self Only enrollment, $12,000 for Self Plus One enrollment or $12,000 for Self and Family enrollment for out-of-network services. Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. In-network and Out-of-network out-of-pocket maximums do not cross apply and will need to be met separately in order for eligible medical expenses to be paid at 100%.

General features of our Value Plan

Our Value Plan is a comprehensive medical plan. You can see participating or nonparticipating providers without a referral. You also can earn health incentive credits to reduce your out of pocket medical costs (deductible and medical coinsurance).

Preventive care services for your Value Plan

Preventive care services are generally paid as first dollar coverage and are not subject to copayments, deductibles, or annual limits when received from a network provider.

Annual deductible for your Value Plan

The annual deductible of $700 for Self Only, $1,400 for Self Plus One, or $1,400 for Self and Family in-network and $1,400 for Self Only, $2,800 for Self Plus One, or $2,800 for Self and Family out-of-network, must be met before Plan benefits are paid for care other than preventive care services, PCP or Specialist office visits and prescription drugs. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. In-network and Out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.

Catastrophic protection for your Value Plan

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services, including deductibles, coinsurance and copayments cannot exceed $6,000 for Self Only enrollment, $12,000 for Self Plus One enrollment, or $12,000 for Self and Family enrollment for in-network services or $7,000 for Self Only enrollment, $14,000 for Self Plus One enrollment, or $14,000 for Self and Family enrollment for out-of-network services. Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. In-network and Out-of-network out-of-pocket maximums do not cross apply and will need to be met separately in order for eligible medical expenses to be paid at 100%.

Health education resources and accounts management tools

We have online, interactive health and benefits information tools to help you make more informed health decisions. (See Section 5(i)).

We have Network Providers

Our network providers offer services through our Plan. When you use our network providers, you will receive covered services at reduced costs. In-network benefits apply only when you use a network provider. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. Aetna is solely responsible for the selection of network providers in your area. You can access network providers online by visiting our website at www.aetnafeds.com, or contact us for a directory or the names of network providers by calling 888-238-6240.

Out-of-network benefits apply when you use a non-network provider.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies). The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

Network Providers

We negotiate rates with doctors, dentists and other health care providers to help save you money. We refer to these providers as “Network providers." These negotiated rates are our Plan allowance for network providers. We calculate a member’s coinsurance using these negotiated rates. The member is not responsible for amounts billed by network providers that are greater than our Plan allowance.

Non-Network Providers

Because they do not participate in our networks, non-network providers are paid by Aetna based on an out-of-network Plan allowance. Members are responsible for their coinsurance portion of our Plan allowance, as well as any expenses over that limit that the non-network provider may have billed. See the Plan allowance definition in Section 10 for more details on how we pay out-of-network claims.

Your rights and responsibilities

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM’s FEHB website (www.opm.gov/healthcare-insurance) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Aetna has been in existence since 1850
- Aetna is a for-profit organization

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, www.aetnafeds.com. You can also contact us to request that we mail a copy to you.

If you want more information about us, call 888-238-6240 or write to Aetna at P.O. Box 550, Blue Bell, PA 19422-0550. You may also visit our website at www.aetnafeds.com.

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit our website at www.aetnafeds.com to obtain our Notice of Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Medical Necessity

“Medical necessity” means that the service or supply is provided by a physician or other health care provider exercising prudent clinical judgment for the purpose of preventing, evaluating, diagnosing or treating an illness, injury or disease or its symptoms, and that provision of the service or supply is:

- In accordance with generally accepted standards of medical practice; and,
- Clinically appropriate in accordance with generally accepted standards of medical practice in terms of type, frequency, extent, site and duration, and considered effective for the illness, injury or disease; and,
- Not primarily for the convenience of you, or for the physician or other health care provider; and,
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.

For these purposes, “generally accepted standards of medical practice,” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Only medical directors make decisions denying coverage for services for reasons of medical necessity. Coverage denial letters for such decisions delineate any unmet criteria, standards and guidelines, and inform the provider and member of the appeal process.

All benefits will be covered in accordance with the guidelines determined by Aetna.

Ongoing Reviews

We conduct ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are covered benefits under this Plan. If we determine that the recommended services and supplies are not covered benefits, you will be notified. If you wish to appeal such determination, you may then contact us to seek a review of the determination.

Authorization

Certain services and supplies under this Plan may require authorization by us to determine if they are covered benefits under this Plan. See section 3, "You need prior plan approval for certain services."

Patient Management

We have developed a patient management program to assist in determining what health care services are covered and payable under the health plan and the extent of such coverage and payment. The program assists members in receiving appropriate health care and maximizing coverage for those health care services.

Where such use is appropriate, our utilization review/patient management staff uses nationally recognized guidelines and resources, such as Milliman Care Guidelines® and InterQual® ISD criteria, to guide the precertification, concurrent review and retrospective review processes. To the extent certain utilization review/patient management functions are delegated to integrated delivery systems, independent practice associations or other provider groups (“Delegates”), such Delegates utilize criteria that they deem appropriate.

- **Precertification**

  Precertification is the process of collecting information prior to inpatient admissions and performance of selected ambulatory procedures and services. The process permits advance eligibility verification, determination of coverage, and communication with the physician and/or you. It also allows Aetna to coordinate your transition from the inpatient setting to the next level of care (discharge planning), or to register you for specialized programs like disease management, case management, or our prenatal program. In some instances, precertification is used to inform physicians, members and other health care providers about cost-effective programs and alternative therapies and treatments.

  Certain health care services, such as hospitalization or outpatient surgery, require precertification with Aetna to ensure coverage for those services. When you are to obtain services requiring precertification through a participating provider, this provider should precertify those services prior to treatment.

  Note: Since this Plan pays out-of-network benefits and you may self-refer for covered services, it is your responsibility to contact Aetna to precertify those services which require precertification. You must obtain precertification for certain types of care rendered by non- network providers to avoid a reduction in benefits paid for that care.

- **Concurrent Review**

  The concurrent review process assesses the necessity for continued stay, level of care, and quality of care for members receiving inpatient services. All inpatient services extending beyond the initial certification period will require concurrent review.

- **Discharge Planning**

  Discharge planning may be initiated at any stage of the patient management process and begins immediately upon identification of post-discharge needs during precertification or concurrent review. The discharge plan may include initiation of a variety of services/ benefits to be utilized by you upon discharge from an inpatient stay.

- **Retrospective Record Review** — The purpose of retrospective record review is to retrospectively analyze potential quality and utilization issues, initiate appropriate follow-up action based on quality or utilization issues, and review all appeals of inpatient concurrent review decisions for coverage and payment of health care services. Our effort to manage the services provided to you includes the retrospective review of claims submitted for payment, and of medical records submitted for potential quality and utilization concerns.

Member Services

Representatives from Member Services are trained to answer your questions and to assist you in using the Aetna plan properly and efficiently. After you receive your ID card, you can call the Member Services toll-free number on the card when you need to:

- Ask questions about benefits and coverage.
- Notify us of changes in your name, address or phone number.
- Obtain information about how to file a grievance or an appeal.

Privacy Notice

How we guard your privacy - We're committed to keeping your personal information safe

What personal information is and what it isn't - By "personal information," we mean that which can identify you. It can include financial and health information. It doesn't include what the public can easily see. For example, anyone can look at what your plan covers.

How we get information about you - We get information about you from many sources, including from you. But we also get information from your employer, other insurers, or health care providers like doctors.

When information is wrong- Do you think there's something wrong or missing in your personal information? You can ask us to change it. The law says we must do this in a timely way. If we disagree with your change, you can file an appeal. Information on how to file an appeal is on our member website. Or you can call the toll-free number on your ID card.

How we use this information - When the law allows us, we use your personal information both inside and outside our company. The law says we don't need to get your permission when we do.

We may use it for your health care or use it to run our plans. We also may use your information when we pay claims or work with other insurers to pay claims. We may use it to make plan decisions, to do audits, or to study the quality of our work.

We may use or share your protected health information (PHI):

- With the U.S. Office of Personnel Management (OPM)
- With your employing agency in connection with payment or health care operations
- When required by federal law

We're also required to share your PHI to OPM for its claims data warehouse. The data is used for its Federal Employees Health Benefits (FEHB) Program.

This means we may share your info with doctors, dentists, pharmacies, hospitals or other caregivers. We also may share it with other insurers, vendors, government offices, or third-party administrators. But by law, all these parties must keep your information private.

When we need your permission - There are times when we do need your permission to disclose personal information.

This is explained in our Notice of Privacy Practices. This notice clarifies how we use or disclose your Protected Health Information (PHI):

- For workers' compensation purposes
- As required by law

- About people who have died
- For organ donation
- To fulfill our obligations for individual access and HIPAA compliance and enforcement

To get a copy of this notice, just visit our member website. Or call the toll-free number on your ID card.

If you want more information about us, call 888-238-6240, or write to Aetna, Federal Plans, PO Box 550, Blue Bell, PA 19422-0550. You may also contact us by fax at 860-975-1669 or visit our website at www.aetnafeds.com.

Changes to our Consumer Driven Health Plan (CDHP)

- **Acupuncture** – The Plan is adding 10 acupuncture visits when medically necessary. (See Section 5(a) Alternative Medicine treatments)

Changes to our Value Plan

- See changes listed above.

Section 3. How You Get Care

Identification cards

We will send you an identification (ID) card when you enroll. If you enroll as Self Plus One or Self and Family, you will receive two Family ID cards. You should carry your ID card with you at all times. You must show it whenever you receive services from a Network provider or fill a prescription at a Network pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 888-238-6240 or write to us at Aetna, P.O. Box 14079, Lexington, KY 40512-4079. You may also request replacement cards through our Aetna Member website at www.aetnafeds.com.

Where you get covered care

You can get care from any licensed provider or licensed facility. How much we pay – and you pay – depends on whether you use a network or non-network provider or facility. If you use a non-network provider, you will pay more.

- **Network providers**

Network providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Network providers according to national standards.

We list Network providers in the provider directory, which we update periodically. The most current information on our Network providers is also on our website at www.aetnafeds.com under our online provider directory.

This plan recognizes that transgender, non-binary, and other gender diverse members require health care delivered by healthcare providers experienced in gender affirming health. Benefits described in this brochure are available to all members meeting medical necessity guidelines regardless of race, color, national origin, age, disability, religion, sex or gender.

This plan provides Care Coordinators for complex conditions and can be reached at www.aetnafeds.com for assistance.

- **Network facilities**

Network facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these facilities in the provider directory, which we update periodically. The most current information on our Network facilities is also on our website at www.aetnafeds.com.

- **Non-network providers and facilities**

You can access care from any licensed provider or facility. Providers and facilities not in Aetna's networks are considered non-network providers and facilities.

Balance Billing Protection

FEHB Carriers must have clauses in their in-network (participating) providers agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the in-network provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in network contracted amount. If an in-network provider bills you for covered services over your normal cost share (deductible, copay, co-insurance) contact your Carrier to enforce the terms of its provider contract.

What you must do to get covered care

It depends on the kind of care you want to receive. You can go to any provider you want, but we must approve some care in advance.

- **Transitional care**

Specialty care: If you have a chronic or disabling condition and lose access to your network specialist because we:

- Terminate our contract with your specialist for other than cause; or

- Drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Program plan; or
- Reduce our service area and you enroll in another FEHB plan,

you may be able to continue seeing your specialist and receive any in-network benefits for up to 90 days after you receive notice of the change. Contact us, or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and any in-network benefits continue until the end of your postpartum care, even if it is beyond the 90 days.

- **Hospital care**

Your Network primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

Note: Non-network physicians generally will make these arrangements too, but you are responsible for any precertification requirements.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Member Services department immediately at 888-238-6240. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since your plan physician arranges most referrals to specialists and inpatient hospitalization, the pre-service claim approval process only applies to care shown under *Other services.*

You must get prior approval for certain services. Failure to do so will result in services not being covered.

- **Inpatient hospital admission**

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

- **Other services**

In most cases, your Network physician or hospital will take care of precertification. Because you are still responsible for ensuring that we are asked to precertify your care, you should always ask your physician or hospital whether they have contacted us.

Some services require prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. We call this review and approval process precertification.

When you see a Plan physician, that physician must obtain approval for certain services such as inpatient hospitalization and the following services. If you see a non-participating physician you must obtain approval.

- Inpatient confinements (except hospice) - For example, surgical and nonsurgical stays; stays in a skilled nursing facility or rehabilitation facility; and maternity and newborn stays that exceed the standard length of stay (LOS)
- Ambulance - Precertification required for transportation by fixed-wing aircraft (plane)
- Autologous chondrocyte implantation
- Cataract surgery
- Certain mental health services, inpatient admissions, Residential treatment center (RTC) admissions, Partial hospitalization programs (PHPs), Transcranial magnetic stimulation (TMS) and Applied Behavior Analysis (ABA); http://www.aetna.com/healthcare-professionals/assets/documents/bh_precert_list.pdf
- Chiari malformation decompression surgery
- Cochlear device and/or implantation
- Coverage at an in-network benefit level for out-of-network provider or facility unless services are emergent. Some plans have limited or no out-of-network benefits.
- Covered transplant surgery
- Dialysis visits -When request is initiated by a participating provider, and dialysis to be performed at a nonparticipating facility
- Dorsal column (lumbar) neurostimulators: trial or implantation
- Endoscopic nasal balloon dilation procedures
- Electric or motorized wheelchairs and scooters
- Functional endoscopic sinus surgery
- Gender affirming surgery
- Hip surgery to repair impingement syndrome
- Hyperbaric oxygen therapy
- In-network infertility services (Iatrogenic infertility) and pre-implantation genetic testing
- Lower limb prosthetics, such as: Microprocessor controlled lower limb prosthetics
- Nonparticipating freestanding ambulatory surgical facility services, when referred by a participating provider
- Orthognathic surgery procedures, bone grafts, osteotomies and surgical management of the temporomandibular joint (TMJ)
- Osseointegrated implant
- Osteochondral allograft/knee
- Private duty nursing (see Home Health services)
- Proton beam radiotherapy
- Reconstructive or other procedures that maybe considered cosmetic, such as:
  - Blepharoplasty/canthoplasty
  - Breast reconstruction/breast enlargement
  - Breast reduction/mammoplasty
  - Excision of excessive skin due to weight loss
  - Gastroplasty/gastric bypass
  - Lipectomy or excess fat removal

  - Surgery for varicose veins, except stab phlebectomy
- Shoulder arthroplasty
- Site of Service - when requested at an Outpatient hospital setting and when is one of the following:
  - Carpal tunnel surgery
  - Complex wound repair
  - Cystourethroscopy
  - Hemorrhoidectomy
  - Hernia repair
  - Hysteroscopy
  - Intranasal dermatoplasty
  - Lithotripsy
  - Prostate biopsy
  - Septoplasty
  - Skin tissue transfer or rearrangement
  - Subcutaneous soft tissue excision
  - Tonsillectomy (age 12 or older)
- Spinal procedures, such as:
  - Artificial intervertebral disc surgery (cervical spine)
  - Arthrodesis for spine deformity
  - Cervical laminoplasty
  - Cervical, lumbar and thoracic laminectomy/laminotomy procedures
  - Kyphectomy
  - Laminectomy with rhizotomy
  - Sacroiliac joint fusions
  - Spinal fusion surgery
  - Vertebral corpectomy
- Uvulopalatopharyngoplasty, including laser-assisted procedures
- Ventricular assist devices
- Whole exome sequencing
- Drugs and medical injectables (including but not limited to blood clotting factors, botulinum toxin, alpha-1-proteinase inhibitor, palivizumab (Synagis), erythropoietin therapy, intravenous immunoglobulin, growth hormone, and interferons when used for hepatitis C)*
- Special Programs (including but not limited to BRCA genetic testing, Chiropractic precertification, Diagnostic Cardiology (cardiac rhythm implantable devices, cardiac catheterization), Hip and knee arthroplasties, National Medical Excellence Program®, Outpatient physical therapy (PT) and occupational therapy (OT) precertification, Pain management, Polysomnography (attended sleep studies), Radiation oncology, Radiology imaging (such as CT scans, MRIs, MRAs, nuclear stress tests), Sleep Studies, Transthoracic Echocardiogram*

*For complete list refer to:

https://www.aetna.com/health-care-professionals/precertification/precertification-lists.html or the Behavioral Health Precertification list. The specialty medication precertification list can be found at www.aetnafeds.com/pharmacy.php.

You or your physician must obtain an approval for certain durable medical equipment (DME) including but not limited to electric or motorized wheelchairs and electric scooters.

Members must call Member Services at 888-238-6240 for authorization.

How to request precertification for an admission or get prior authorization for Other services

First, your physician, your hospital, you, or your representative, must call us at 888-238-6240 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

If the admission is a non-urgent admission or if you are being admitted to a Non-network hospital, you must get the days certified by calling the number shown on your ID card. This must be done at least 14 days before the date the person is scheduled to be confined as a full-time inpatient. If the admission is an emergency or an urgent admission, you, the person's physician, or the hospital must get the days certified by calling the number shown on your ID card. This must be done:

- Before the start of a confinement as a full-time inpatient which requires an urgent admission; or
- Not later than one (1) business day following the start of a confinement as a full-time inpatient which requires an emergency admission; unless it is not possible for the physician to request certification within that time. In that case, it must be done as soon as reasonably possible. In the event the confinement starts on a Friday or Saturday, the 48 hour requirement will be extended to 72 hours.

If, in the opinion of the person's physician, it is necessary for the person to be confined for a longer time than already certified, you, the physician, or the hospital may request that more days be certified by calling the number shown on your ID card. This must be done no later than on the last day that has already been certified.

Written notice of the number of days certified will be sent promptly to the hospital. A copy will be sent to you and to the physician.

- **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 45 days from the receipt of the notice to provide the information.

- **Urgent care claims**

  If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine.

  If you fail to provide sufficient information, we will contact you verbally within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours from the receipt of this notice to provide the required information. We will make our decision on the claim within 48 hours (1) of the time we received the additional information or (2) the end of the time frame, whichever is earlier.

  We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

  You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 888-238-6240. You may also call OPM's FEHB 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 888-238-6240. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

  A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

  If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission**

  If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must phone us within one (1) business day following the day of the emergency admission, even if you have been discharged from the hospital.

- **Maternity care**

  You do not need to precertify a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than a total of three (3) days of less for a vaginal delivery or a total of five (5) days or less for a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, then your physician or the hospital must contact us for precertification of additional days for your baby.

  Note: When a newborn requires definitive treatment during or after the mother's confinement, the newborn is considered a patient in their own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the precertification rules when using non-network facilities

- If no one contacts us, we will decide whether the hospital stay was medically necessary.
  - If we determine that the stay was medically necessary, we will pay the inpatient charges, less the $500 penalty.
  - If we determine that it was not medically necessary for you to be an inpatient, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.
- If we denied the precertification request, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.
- When we precertified the admission but you remained in the hospital beyond the number of days we approved and did not get the additional days precertified, then:
  - for the part of the admission that was medically necessary, we will pay inpatient benefits, but
  - for the part of the admission that was not precertified or not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

   You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

   If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

  In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

  Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by phone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

  After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your Cost for Covered Services

This is what you will pay out-of-pocket for covered care:

Cost-sharing

Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Copayments

A copay is the fixed amount of money you pay when you receive certain services. Example: You pay a copayment of $10 to the pharmacy when you receive generic drugs on our formulary list.

Deductible

A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them.

Consumer Driven Health Plan (CDHP)

After you have used up your Medical Fund, you must satisfy your deductible. Your deductible is $1,000 for Self Only, $2,000 for Self Plus One or $2,000 for Self and Family enrollment in-network and $1,500 for Self Only, $3,000 for Self Plus One and $3,000 for Self and Family out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.

Note: If you change plans (*except if you change Aetna CDHP options) during Open Season, you do not have to start a new deductible under your prior plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

*Note: If you change from one Aetna CDHP option to another Aetna CDHP option during Open Season then you will receive your annual Medical Fund and your annual deductible will begin on January 1, regardless of your open season effective date.

And, if you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your prior option to the deductible of your new option.

Value Plan

You must satisfy your deductible before your Traditional medical coverage begins. Note: Preventive services, PCP office visits and Specialist office visits are not subject to the annual deductible. Your annual deductible is $700 for a Self Only enrollment, $1,400 for a Self Plus One enrollment and $1,400 for Self and Family enrollment in-network and $1,400 for a Self Only enrollment, $2,800 for a Self Plus One, and $2,800 for a Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.

Note: If you change plans during Open Season, you do not have to start a new deductible under your prior plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your prior option to the deductible of your new option.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible.

Example: You pay 15% of our Plan allowance for in-network durable medical equipment under CDHP and 20% of our Plan allowance under the Value Plan.

Differences between our Plan allowance and the bill

Network Providers agree to accept our Plan allowance so if you use a network provider, you never have to worry about paying the difference between our Plan allowance and the billed amount for covered services.

Non-Network Providers: If you use a non-network provider, you will have to pay the difference between our Plan allowance and the billed amount.

By using health care providers in Aetna's network, you can take advantage of the significant discounts we have negotiated to help lower your out-of-pocket costs for medically necessary care. This can help you get the care you need at a lower price.

The example below is based on the following Aetna health benefits and insurance plan features and assumes you've already met your deductible:

What your plan pays (plan coinsurance): 85% in-network/60% out-of-network

What you pay (coinsurance): 15% in-network/40% out-of-network

Your CDHP out-of-pocket maximum: $5,000/$10,000 in-network; $6,000/$12,000 out-of-network***

Example: A five-day hospital stay- comparison of member costs in network versus out-of-network (see additional examples on our website: www.aetnafeds.com)

Hospital bill:
Amount billed In-network: $25,000
Amount billed Out-of-network: $25,000
Amount Aetna uses to calculate payment in-network rate*: $8,750
Amount Aetna uses to calculate payment Recognized amount** out of network: $8,750

What your Aetna plan will pay:
Negotiated/recognized amount for in-network and out of network: $8,750

What percent your Aetna plan will pay:
In-network: 85% of negotiated rate/ recognized amount covered under plan: $7,437.50
Out-of-network: 60% of negotiated rate/ recognized amount covered under plan: $5,250

What you owe:
In-network: Your coinsurance responsibility - 15%: $1,312.50
Out-of-network: Your coinsurance responsibility - 40%: $3500

Amount that can be balance billed to you:
In-network: $0
Out-of-network: $15,250

Your Total responsibility:
In-network: $1,312.50
Out-of-network: $19,750

*Doctors, hospitals and other health care providers in Aetna's network accept Aetna's payment rate and agree that you owe only your deductible and coinsurance.

**When you go out of network, Aetna determines a recognized amount. You may be responsible for the difference between the billed amount and the recognized amount. In these examples, we have assumed that the recognized amount and the negotiated rate are the same amount. Actual amounts will vary.

***Your plan caps out-of-pocket costs for covered services. The deductible and coinsurance you owe count toward that cap. But when you go out of network, the difference between the health care provider's bill and the recognized amount does not count toward that cap.

You should also see section Important Notice About Surprise Billing – Know Your Rights below that describes your protections against surprise billing under the No Surprises Act.

Your catastrophic protection out-of-pocket maximum

Out-of-pocket maximums are the amount of out-of-pocket expenses that a Self Only, Self Plus One or a Self and Family will have to pay in a plan year. Out-of-pocket maximums apply on a calendar year basis only. Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. Be sure to keep accurate records and receipts of your copayments, applicable deductible and coinsurance to ensure the Plan's calculation of your out-of-pocket maximum is reflected accurately. In-network and Out-of-network out-of-pocket maximums do not cross apply and will need to be met separately in order for eligible medical expenses to be paid at 100%.

CDHP

Only your deductible and those out-of-pocket expenses resulting from the application of coinsurance percentage (except any penalty amounts) may be used to satisfy the out-of-pocket maximums. This includes dollars you have paid toward your deductible and coinsurance.

Note: For the CDHP, once you have met your deductible, and satisfied your out-of-pocket maximums, eligible medical expenses will be covered at 100%.

If you have met your deductible the following would apply:

Self Only:

In-network: Your annual out-of-pocket maximum is $5,000.

Out-of-network: Your annual out-of-pocket maximum is $6,000.

Self Plus One:

In-network: Your annual out-of-pocket maximum is $10,000.

Out-of-network: Your annual out-of-pocket maximum is $12,000.

Self and Family:

In-network: Your annual out-of-pocket maximum is $10,000.

Out-of-network: Your annual out-of-pocket maximum is $12,000.

The following cannot be included in the accumulation of out-of-pocket expenses:

- Any expenses paid by the Plan under your In-network Preventive Care benefit
- Expenses in excess of our Plan allowance or maximum benefit limitations or expenses not covered under the Traditional medical coverage
- Any coinsurance expenses you have paid for infertility services

- Dental care expenses above the maximum limitations provided under your Dental Fund
- The $500 penalty for failure to obtain precertification when using a Non-network facility and any other amounts you pay because benefits have been reduced for non-compliance with this Plan's cost containment requirements

Value Plan

Only the deductible and those out-of-pocket expenses resulting from the application of coinsurance percentage (except any penalty amounts) and copayments may be used to satisfy the out-of-pocket maximums. Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members.

Note: For the Value option, once you have met your deductible and satisfied your out-of-pocket maximums, eligible medical expenses will be covered at 100%.

If you have met your deductible, the following would apply:

Self Only:

In-network: Your annual out-of-pocket maximum is $6,000.

Out-of-network: Your annual out-of-pocket maximum is $7,000.

Self Plus One:

In-network: Your annual out-of-pocket maximum is $12,000.

Out-of-network: Your annual out-of-pocket maximum is $14,000.

Self and Family:

In-network: Your annual out-of-pocket maximum is $12,000.

Out-of-network: Your annual out-of-pocket maximum is $14,000.

The following cannot be included in the accumulation of out-of-pocket expenses:

- Any expenses paid by the Plan under your In-network Preventive Care benefit
- Expenses in excess of our Plan allowance or maximum benefit limitations or expenses not covered under the Traditional medical coverage
- Any coinsurance expenses you have paid for infertility services
- The $500 penalty for failure to obtain precertification when using a Non-network facility and any other amounts you pay because benefits have been reduced for non-compliance with this Plan's cost containment requirements

Carryover

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your prior plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your prior plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your prior plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your prior plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your prior option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Important Notice About Surprise Billing – Know Your Rights

The No Surprises Act (NSA) is a federal law that provides you with protections against "surprise billing" and "balance billing" under certain circumstances. A surprise bill is an unexpected bill you receive from a nonparticipating health care provider, facility, or air ambulance service for healthcare. Surprise bills can happen when you receive emergency care – when you have little or no say in the facility or provider from whom you receive care. They can also happen when you receive non-emergency services at participating facilities, but you receive some care from nonparticipating providers.

Balance billing happens when you receive a bill from the nonparticipating provider, facility, or air ambulance service for the difference between the nonparticipating provider's charge and the amount payable by your health plan.

Your health plan must comply with the NSA protections that hold you harmless from unexpected bills.

Please note: there are certain circumstances under the law where a provider can give you notice that they are out of network and you can consent to receiving a balance bill.–For specific information on surprise billing, the rights and protections you have, and your responsibilities go to www.aetnafeds.com or contact the health plan at 888-238-6240.

The Federal Flexible Spending Account Program – *FSAFEDS*

- **Healthcare FSA (HCFSA)** – Reimburses you for eligible out-of-pocket healthcare expenses (such as copayments, deductibles, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you, your tax dependents, and your adult children (through the end of the calendar year in which they turn 26).
- **FSAFEDS** offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

Section 5. Consumer Driven Health Plan Benefits

See Section 2 for how our benefits changed this year and Summary of Benefits for a benefits summary.

Section 5. Consumer Driven Health Plan Benefits Overview

This Plan offers a Consumer Driven Health Plan (CDHP). The CDHP benefit package is described here in this Section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

CDHP Section 5, which describes the CDHP benefits, is divided into subsections. Please read *Important things you should keep in mind* at the beginning of each subsection. Also, read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about CDHP benefits, contact us at 888-238-6240 or on our website at www.aetnafeds.com.

The Aetna HealthFund Consumer Driven Health Plan (CDHP) focuses on you, the health care consumer, and gives you greater control in how you use your health care benefits. With this Plan, eligible in-network medical and dental preventive care is covered in full, and you can use the Medical Fund for any other covered care. If you use up your Medical Fund, the Traditional medical coverage begins after you satisfy your deductible. If you don't use up your Medical Fund for the year, you can roll it over to the next year, up to the maximum rollover amount ($5,000 Self Only enrollment/ $10,000 Self Plus One enrollment/ $10,000 Self and Family enrollment), as long as you continue to be enrolled in the Aetna HealthFund CDHP.

The Aetna HealthFund CDHP includes these five key components:

- **In-Network Medical and Dental Preventive Care**

  This component covers 100% for preventive care for adults and children if you use a network provider. The covered medical services include office visits/exams, immunizations and screenings, and the covered dental services include oral evaluations, cleanings, X-rays, fluoride applications, sealants, and space maintainers. These services are fully described in Section 5. The services are based on recommendations by the American Medical Association, the American Academy of Pediatrics, and the American Dental Association. You do not have to meet the deductible before using these services.

- **Aetna HealthFund (Medical and Dental Funds)**

  The Plan provides an annual Medical Fund for each enrollment. For 2023, the Plan provides $1,000 for a Self Only enrollment, $2,000 for a Self Plus One enrollment, or $2,000 for a Self and Family enrollment. The Medical Fund covers 100% of your eligible medical expenses. The Medical Fund is described in greater detail in Section 5.

  Health Incentive Credit: The Plan will provide a health incentive credit for an enrollee or spouse who completes the Plan's health Assessment," and an online digital coaching. The Plan will credit the Medical Fund $50 per enrollee and/or spouse up to an annual family limit of $100 upon completion of the health assessment and online digital coaching.

  Biometric Screening with Incentive: (Available February 1st - December 31st) The Plan will provide biometric screenings for enrollee and/or spouse (over 18 years of age) with no cost sharing. Biometric screenings must include total cholesterol, HDL, calculated LDL, calculated cholesterol/HDL ratio, triglycerides and glucose, blood pressure and waist circumference. The Plan will credit the member's medical fund with an incentive of $50 per enrollee and/or spouse, up to an annual family limit of $100 for biometric screening. Members obtain the screening at a Quest Diagnostics Patient Service Center (PSC). If you are not located within 20 miles of a Quest Diagnostics PSC, you may send the appropriate form to your physician's office and request that your physician complete the form and fax or mail it back to Quest. Visit www.aetnafeds.com for information on setting up an appointment at a Quest PSC or to obtain the form if you are not located within 20 miles of a Quest PSC.

  The Plan also provides an annual Dental Fund for each enrollment. Each year, the Plan provides $300 for a Self Only enrollment, $600 for a Self Plus One enrollment or $600 for a Self and Family enrollment.

  The Dental Fund covers 100% of your eligible dental expenses. The Dental Fund is described in greater detail in Section 5.

Note: You cannot use available dental funds for covered services that you have exhausted the annual limits. (example: 2 cleanings per year)

If you have an unused Medical or Dental Fund balance at the end of the calendar year, that balance will roll over so you can use it in the future, as long as you continue to participate in the Plan. If you terminate your participation in the Plan, your Medical and Dental Fund balances are lost.

The Medical Fund is not a cash account and has no cash value. It does not duplicate other coverage provided by this brochure. It will be terminated if you are no longer covered by this Plan. Only eligible expenses incurred while covered under the Plan will be eligible for reimbursement subject to timely filing requirements. Unused Medical Funds are forfeited if you are no longer covered under the Plan.

Note: In-Network Medical and Dental Preventive Care benefits paid under Section 5 do NOT count against your Medical or Dental Funds.

- **Traditional medical coverage subject to the deductible**

Under Traditional medical coverage, you must first use your annual Medical Fund and then satisfy your deductible of $1,000 for Self Only enrollment, $2,000 for Self Plus One enrollment or $2,000 for Self and Family enrollment in-network and $1,500 for Self Only enrollment, $3,000 for Self Plus One enrollment and $3,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. Once you have satisfied your deductible, the Plan generally pays 85% of the cost for in-network care and 60% for out-of-network care. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.

- **Catastrophic protection for out-of-pocket expenses**

When you use network providers, your annual maximum for out-of-pocket expenses (deductible and coinsurance) for covered services is limited to $5,000 for Self Only, $10,000 for Self Plus One, or $10,000 for Self and Family enrollment. If you use non-network providers, your out-of-pocket maximum is $6,000 for Self Only, $12,000 for Self Plus One, or $12,000 for Self and Family enrollment. Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's allowable amount or benefit maximum). Refer to Section 4 Your catastrophic protection out-of-pocket maximum and CDHP Section 5 *Traditional medical coverage subject to the deductible* for more details. In-network and Out-of-network out-of-pocket maximums do not cross apply and will need to be met separately in order for eligible medical expenses to be paid at 100%.

- **Health education resources and account management tools**

- Tools and resources to help you manage your health with access to your health assessment, digital coaching, personal health record, and more.

Section 5. Medical and Dental Preventive Care

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Preventive care is health care services designed for prevention and early detection of illness in average risk, people without symptoms, generally including routine physical examinations, tests and immunizations. We follow the U.S. Preventive Services Task Force recommendations for preventive care unless noted otherwise. For more information visit www.aetnafeds.com.
- The Plan pays 100% for the medical and dental preventive care services listed in this Section as long as you use a network provider.
- If you choose to access preventive care with an out-of-network provider, you will not qualify for 100% preventive care coverage. Please see Section 5 – Medical and Dental Funds, and Section 5 – Traditional medical coverage subject to the deductible.
- For preventive care not listed in this Section or preventive care from a non-network provider, please see Section 5 – Medical and Dental Funds.
- For all other covered expenses, please see Section 5 – Medical and Dental Funds and Section 5 – Traditional medical coverage subject to the deductible.
- Note that the in-network medical and dental preventive care paid under this Section does NOT count against or use up your Medical or Dental Funds.

Section 5. Medical and Dental Funds

Important things you should keep in mind about your Medical Fund benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- All eligible medical care expenses up to the Plan allowance in Section 5 (except in-network medical preventive care) are paid from your Medical Fund. Traditional medical coverage will start once your deductible is satisfied.
- Note that in-network medical preventive care covered under Section 5 does NOT count against your Medical Fund.
- The Medical Fund provides full coverage for eligible expenses from both in-network and non-network providers. However, your Medical Fund will generally go much further when you use network providers because network providers agree to discount their fees. Note: The Medical Fund does not reduce the deductible and/or the out-of-pocket maximum.
- You can track your Medical Fund on the Aetna Member website, by phone at 888-238-6240 (toll-free), or, when you incur claims, with monthly statements mailed directly to you at home.
- Whenever you join this Plan, your annual Deductible will apply as of your effective date. The Plan will prorate the amount of the annual Medical Fund for members who join the Plan outside of the annual Open Season. If you join at any other time during the year, your Medical Fund for your first year will be prorated at a rate of $83 per month for Self Only or $167 per month for Self Plus One or Self and Family for each full month of coverage remaining in that calendar year. If your enrollment effective date falls between the first and fifteenth day of the month, you will be given credit as of the first of the month. If your enrollment effective date is the sixteenth or later in the month, you will be given credit as of the first of the following month.
- If a subscriber begins the year under Self Only enrollment and then switches to Self Plus One or Self and Family enrollment, the Medical Fund will increase from $1,000 to $2,000.We will deduct any amounts used while under the Self Only enrollment from the Self Plus One or Self and Family enrollment of $2,000.
- If the subscriber begins the year under Self Plus One or Self and Family enrollment and later switches to Self Only enrollment, the Medical Fund will decrease from $2,000 to $1,000. We will deduct amounts of the Medical Fund previously used while enrolled in the Self Plus One or Self and Family from the Self Only enrollment amount of $1,000. For example, if $650 of the Self and Family Medical Fund had been used and the subscriber changes to Self Only coverage, the Medical Fund will be $1,000 minus $650 or $350 for the balance of the year. Members will not be penalized for amounts used while in Self Plus One or Self and Family enrollment that exceed the amount of the Self Only Medical Fund.
- Medicare premium reimbursement – Medicare participating annuitants may request reimbursement for Medicare premiums paid if Medical Fund dollars are available. Please contact us at 888-238-6240 for more information.
- If you terminate your participation in this Plan, any remaining Medical Fund balance will be forfeited.
- **YOUR NETWORK PHYSICIAN MUST PRECERTIFY HOSPITAL STAYS FOR IN-NETWORK FACILITY CARE; YOU MUST PRECERTIFY HOSPITAL STAYS FOR NON-NETWORK FACILITY CARE; FAILURE TO DO SO WILL RESULT IN A $500 PENALTY FOR NON-NETWORK FACILITY CARE.** Please refer to the precertification information shown in Section 3 to confirm which services require precertification.

Benefit Description	You pay
Medical fund	**CDHP**
A Medical Fund is provided by the Plan for each enrollment. Each year the Plan adds to your account. For 2023 the Medical Fund is: • $1,000 per year for a Self Only enrollment, or; • $2,000 per year for a Self Plus One or Self and Family enrollment. The Medical Fund covers eligible expenses at 100%. For example, if you are ill and go to a network doctor for a $75 visit, the doctor will submit your claim and the cost of the visit will be deducted automatically from your Medical Fund; you pay nothing. Balance in Medical Fund for Self Only $1,000 Less: Cost of visit - 75 Remaining Balance in Medical Fund $ 925 Medical Fund expenses are the same medical, surgical, hospital, emergency, mental health and substance misuse, and prescription drug services and supplies covered under the Traditional medical coverage (see Section 5 for details). To make the most of your Medical Fund, you should: • Use the network providers whenever possible; and • Use generic prescriptions whenever possible **Medical Fund Rollover** Provided you remain enrolled in the CDHP, any unused, remaining balance in your Medical Fund at the end of the calendar year may be rolled over to subsequent years. Note: This rollover feature can increase your Medical Fund in the following year(s) up to a maximum rollover of $5,000 Self Only enrollment or $10,000 Self Plus One or Self and Family enrollment. **Health Incentive Credit** The Plan will provide a health incentive credit for an enrollee or spouse who completes the Plan's health assessment, and online digital coaching. The Plan will credit the Medical Fund $50 per enrollee and/ or spouse up to an annual family limit of $100 upon completion of the health assessment, and online digital coaching.	In-network and out-of-network: Nothing up to your available Medical Fund balance. However, you are responsible for non-network medical fees that exceed our Plan allowance.
Not covered: • *Non-network preventive care services not included under Section 5* • *Services or supplies shown as not covered under Traditional medical coverage (see Section 5)* • *Charges of non-network providers that exceed our Plan allowance.*	*All charges*

Dental Fund

Important things you should keep in mind about your Dental Fund benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Note that in-network preventive dental care covered under Section 5 does NOT count against your Dental Fund.
- You cannot use available dental funds for covered services that you have exhausted the annual limits. (example: 2 cleanings per year)
- Provided you remain enrolled in the CDHP, any unused, remaining balance in your Dental Fund at the end of the calendar year, will be rolled over to subsequent years.
- When you join this Plan, you will have access to the entire Dental Fund ($300 for Self Only, $600 for Self Plus One, or $600 for Self and Family) to share between you and your enrolled family members.
- Participating network PPO dentists offer members services at a negotiated rate – so, you are generally charged less for your dental care when you visit a participating network PPO dentist. Refer to our online provider directory at www.aetnafeds.com to find a participating network PPO dentist, or call Member Services at 888-238-6240.
- All eligible dental expenses will be paid from your Dental Fund. You can track your Dental Fund on Aetna's Member website or by phone at 888-238-6240. Note: Once your fund is exhausted, you may continue to save on the cost of your dental care with access to the discounted fees offered by participating network PPO dentists. Discounts may not be available in all states.
- If you are enrolled in a FEDVIP Dental Plan, the FEDVIP plan will pay first for dental services and your Dental Fund will pay second, except for diagnostic and preventive care. When you use an in-network provider, diagnostic and preventive care will be reimbursed at 100% and does not count against your Dental Fund. When you use a non-network dentist for these services, the Dental Fund will pay first and your FEDVIP plan will pay second. See Section 9.
- You can visit any licensed dentist for covered services under the Dental Fund. However, you can make your Dental Fund go further by taking advantage of the negotiated rates offered by a participating network PPO dentist. These negotiated rates are generally less than the dentist's usual fees.
- **REMEMBER**: If you terminate your participation in this Plan, any Dental Fund balance you may have will be lost.

Section 5. Traditional Medical Coverage Subject to the Deductible

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your deductible is $1,000 for Self Only enrollment, $2,000 for Self Plus One enrollment, and $2,000 for Self and Family enrollment in-network and $1,500 for Self Only enrollment, $3,000 for Self Plus One enrollment and $3,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.
- Your Medical Fund ($1,000 Self Only enrollment, $2,000 for Self Plus One enrollment, and $2,000 for Self and Family enrollment) and any rollover funds from prior years must be used first for eligible health care expenses. Note: The Medical Fund does not reduce the deductible and/or the out-of-pocket maximum.
- Traditional medical coverage does not begin until you have used your Medical Fund and satisfied your deductible.
- Prescription drug benefits change to a copayment level once you satisfy your deductible. See section 5(f).
- In-network medical preventive care is covered at 100% under Section 5 and does not count against your Medical Fund.
- The Medical Fund provides coverage for both in-network and non-network providers. Under the Traditional medical coverage, in-network benefits apply only when you use a network provider. Out-of-network benefits apply when you do not use a network provider.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR NETWORK PHYSICIAN MUST PRECERTIFY HOSPITAL STAYS FOR IN-NETWORK FACILITY CARE; YOU MUST PRECERTIFY HOSPITAL STAYS FOR NON-NETWORK FACILITY CARE; FAILURE TO DO SO WILL RESULT IN A $500 PENALTY FOR NON-NETWORK FACILITY CARE.** Please refer to the precertification information shown in Section 3 to confirm which services require precertification.

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Health Care Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your deductible is $1,000 for Self Only enrollment, $2,000 for Self Plus One enrollment, and $2,000 for Self and Family enrollment in-network and $1,500 for Self Only enrollment, $3,000 for Self Plus One enrollment and $3,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- After you have exhausted your Medical Fund and satisfied your deductible, your Traditional Medical Plan begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in Section 5(c) for charges associated with a facility (i.e., hospital, surgical center, etc.).
- **YOU OR YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

Organ/tissue transplants (cont.)	**CDHP**
Blood or marrow stem cell transplants Physicians consider many features to determine how diseases will respond to different types of treatment. Some of the features measured are the presence or absence of normal and abnormal chromosomes, the extension of the disease throughout the body, and how fast the tumor cells can grow. By analyzing these and other characteristics, physicians can determine which diseases may respond to treatment without transplant and which diseases may respond to transplant. The Plan extends coverage for the diagnoses as indicated below. • Allogeneic transplants for: - Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia - Acute myeloid leukemia - Advanced Hodgkin's lymphoma with recurrence (relapsed) - Advanced Myeloproliferative Disorders (MPDs) - Advanced non-Hodgkin's lymphoma with recurrence (relapsed) - Amyloidosis - Chronic lymphocytic leukemia/small lymphocytic lymphoma (CLL/SLL)* - Hemoglobinopathies - Infantile malignant osteopetrosis - Kostmann's syndrome - Leukocyte adhesion deficiencies - Marrow Failure and Related Disorders (i.e. Fanconi's, Paroxysmal Nocturnal Hemoglobinuria, Pure Red Cell Aplasia) - Mucolipidosis (e.g., Gaucher's disease, metachromatic leukodystrophy, adrenoleukodystrophy) - Mucopolysaccharidosis (e.g., Hunter's syndrome, Hurler's syndrome, Sanfillippo's syndrome, Maroteaux-Lamy syndrome variants) - Myelodysplasia/Myelodysplastic Syndromes - Paroxysmal Nocturnal Hemoglobinuria - Phagocytic/Hemophagocytic deficiency diseases (e.g., Wiskott-Aldrich syndrome) - Severe combined immunodeficiency - Severe or very severe aplastic anemia - Sickle cell anemia - X-linked lymphoproliferative syndrome • Autologous transplants for: - Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia - Advanced Hodgkin's lymphoma with recurrence (relapsed) - Advanced non-Hodgkin's lymphoma with recurrence (relapsed)	In-network: 15% of our Plan allowance Out-of-network: 40% of our Plan allowance and any difference between our allowance and the billed amount.

• **National Transplant Program (NTP) -** Transplants which are non-experimental or non-investigational are a covered benefit. Covered transplants must be ordered by your primary care doctor and plan specialist physician and approved by our medical director in advance of the surgery. To receive in-network benefits the transplant must be performed at hospitals (Institutes of Excellence) specifically approved and designated by us to perform these procedures. A transplant is non-experimental and non-investigational when we have determined, in our sole discretion, that the medical community has generally accepted the procedure as appropriate treatment for your specific condition. Coverage for a transplant where you are the recipient includes coverage for the medical and surgical expenses of a live donor, to the extent these services are not covered by another plan or program. *Note: Transplants must be performed at hospitals designated as Institutes of Excellence (IOE). Hospitals in our network, but not designated as an IOE hospital will be covered at the out-of-network benefit level. Note: We cover related medical and hospital expenses of the donor when we cover the recipient. We cover donor testing for the actual solid organ donor or up to four allogenic bone marrow/stem cell transplant donors in addition to the testing of family members.	In-network: 15% of our Plan allowance Out-of-network: 40% of our Plan allowance and any difference between our allowance and the billed amount.
Clinical trials must meet the following criteria: A. The member has a current diagnosis that will most likely cause death within one (1) year or less despite therapy with currently accepted treatment; or the member has a diagnosis of cancer; AND B. *All* of the following criteria must be met: 1. Standard therapies have not been effective in treating the member or would not be medically appropriate; and 2. The risks and benefits of the experimental or investigational technology are reasonable compared to those associated with the member's medical condition and standard therapy based on at least two (2) documents of medical and scientific evidence (as defined below); and 3. The experimental or investigational technology shows promise of being effective as demonstrated by the member's participation in a clinical trial satisfying ALL of the following criteria: a. The experimental or investigational drug, device, procedure, or treatment is under current review by the FDA and has an Investigational New Drug (IND) number; and b. The clinical trial has passed review by a panel of independent medical professionals (evidenced by Aetna's review of the written clinical trial protocols from the requesting institution) approved by Aetna who treat the type of disease involved and has also been approved by an Institutional Review Board (IRB) that will oversee the investigation; and	In-network: 15% of our Plan allowance Out-of-network: 40% of our Plan allowance and any difference between our allowance and the billed amount.

c. The clinical trial is sponsored by the National Cancer Institute (NCI) or similar national cooperative body (e.g., Department of Defense, VA Affairs) and conforms to the rigorous independent oversight criteria as defined by the NCI for the performance of clinical trials; and d. The clinical trial is not a single institution or investigator study (NCI designated Cancer Centers are exempt from this requirement); and 4. The member must: a. Not be treated "off protocol," and b. Must actually be enrolled in the trial.	In-network: 15% of our Plan allowance Out-of-network: 40% of our Plan allowance and any difference between our allowance and the billed amount.
Not covered: • *The experimental intervention itself (except medically necessary Category B investigational devices and promising experimental and investigational interventions for terminal illnesses in certain clinical trials. Terminal illness means a medical prognosis of 6 months or less to live); and* • *Costs of data collection and record keeping that would not be required but for the clinical trial; and* • *Other services to clinical trial participants necessary solely to satisfy data collection needs of the clinical trial (i.e., "protocol-induced costs"); and* • *Items and services provided by the trial sponsor without charge* • *Donor screening tests and donor search expenses, except as shown* • *Implants of artificial organs* • *Transplants not listed as covered*	*All charges*
Anesthesia	**CDHP**
Professional services (including Acupuncture - when provided as anesthesia for a covered surgery) provided in: • Hospital (inpatient) • Hospital outpatient department • Skilled nursing facility • Ambulatory surgical center • Office	In-network: 15% of our Plan allowance Out-of-network: 40% of our Plan allowance and any difference between our allowance and the billed amount.

Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your deductible is $1,000 for Self Only enrollment, $2,000 for Self Plus One enrollment, and $2,000 for Self and Family enrollment in-network and $1,500 for Self Only enrollment, $3,000 for Self Plus One enrollment and $3,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- After you have exhausted your Medical Fund and satisfied your deductible, your Traditional Medical Plan begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Sections 5(a) or (b).
- **YOUR NETWORK PHYSICIAN MUST PRECERTIFY HOSPITAL STAYS FOR IN-NETWORK FACILITY CARE; YOU MUST PRECERTIFY HOSPITAL STAYS FOR NON-NETWORK FACILITY CARE; FAILURE TO DO SO WILL RESULT IN A $500 PENALTY FOR NON-NETWORK FACILITY CARE.** Please refer to the precertification information shown in Section 3 to confirm which services require precertification.
- We define observation as monitoring patients following medical or surgical treatments to find out if they need more care, need admission or can be discharged. Observation care can be billed as Emergency Room, Outpatient, or Inpatient depending on where services are rendered, benefited accordingly and how it is billed to us within the scope of the facilities contract. Hospital observation cost share is determined as anything greater than 23 hours, and Aetna's policy is to allow up to 48 hours of hospital observation without preauthorization. After 48 hours, facilities must determine if they are going to discharge or admit the patient from observation and if admitting they will be responsible to preauthorize (if out-of-network member is responsible to preauthorize inpatient stay). Once admitted, inpatient member cost sharing will apply.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency: If you need emergency care, you are covered 24 hours a day, 7 days a week, anywhere in the world. An emergency medical condition is one manifesting itself by acute symptoms of sufficient severity such that a prudent layperson, who possesses average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in serious jeopardy to the person's health, or with respect to a pregnant woman, the health of the woman and her unborn child. If you are admitted to an inpatient facility, you or a family member or friend on your behalf should notify Aetna as soon as possible.

Section 5(e). Mental Health and Substance Use Disorder Benefits

You need to get Plan approval (preauthorization) for certain services.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- After you have exhausted your Medical Fund and satisfied your deductible, your Traditional Medical Plan begins.
- Your deductible is $1,000 for Self Only enrollment, $2,000 for Self Plus One enrollment, and $2,000 for Self and Family enrollment in-network and $1,500 for Self Only enrollment, $3,000 for Self Plus One enrollment and $3,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- **YOU MUST GET PREAUTHORIZATION FOR THESE SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan. Please see Section 3 of this brochure for a list of services that require preauthorization.
- Aetna can assist you in locating participating providers in the Plan, unless your needs for covered services extend beyond the capability of the affiliated providers. Emergency care is covered (See Section 5(d), Emergency services/accidents). You can receive information regarding the appropriate way to access the behavioral health care services that are covered under your specific plan by calling Member Services at 888-238-6240. A referral from your PCP is not necessary to access behavioral health care but your PCP may assist in coordinating your care.
- We will provide medical review criteria for denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes on medically necessary clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Section 5(f). Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- This is a five tier open formulary pharmacy plan, Advanced Control Formulary. The formulary is a list of drugs that your health plan covers. With your Advanced Control Formulary Pharmacy plan, each drug is grouped as a generic, a brand or a specialty drug. The preferred drugs within these groups will generally save you money compared to a non-preferred drug. Each tier has a separate out-of-pocket cost.
  - Preferred generic
  - Preferred brand
  - Non-preferred generic and brand
  - Preferred specialty
  - Non-preferred specialty
- We cover prescribed drugs and medications, as described in the chart beginning on the third page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- Your deductible is $1,000 for Self Only enrollment, $2,000 for Self Plus One enrollment, and $2,000 for Self and Family enrollment in-network and $1,500 for Self Only enrollment, $3,000 for Self Plus One enrollment and $3,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.
- Your Medical Fund **must** be used first for eligible pharmacy expenses and your deductible must be satisfied before your Traditional medical coverage begins. The cost of your prescription will be deducted from your Medical Fund, if available, at the time of the purchase. The cost of your prescription is based on the Aetna contracted rate with network pharmacies. The Aetna contracted rate with the network pharmacy does not reflect or include any rebates Aetna receives from drug manufacturers.
- Once you exhaust the Medical Fund and satisfy the deductible, you will then pay a copayment at in-network retail pharmacies or the mail-order pharmacy for prescriptions under your Traditional medical coverage. You will pay 40% coinsurance plus the difference between our Plan allowance and the billed amount at out-of-network retail pharmacies. There is no out-of-network mail order pharmacy program.
- Certain drugs require your doctor to get precertification from the Plan before they can be covered under the Plan. Upon approval by the Plan, the prescription is covered for the current calendar year or a specified time period, whichever is less.
- Be sure to read Section 4, *Your costs for covered services,* for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of which include:

- **Who can write your prescription.** A licensed physician or dentist and in states allowing it, licensed/ or certified providers with prescriptive authority prescribing within their scope of practice must prescribe your medication.

- **Where you can obtain them.** Any retail pharmacy can be used for up to a 30-day supply. Our mail order program must be utilized for a 31-day up to a 90-day supply of medication (if authorized by your physician). You may obtain up to a 30-day supply of medication for one copay (retail pharmacy), and for a 31-day up to a 90-day supply of medication for two copays (mail order). For retail pharmacy transactions, you must present your Aetna Member ID card at the point of sale for coverage. Please call Member Services at 888-238-6240 for more details on how to use the mail order program. **Mail order is not available for drugs and medications ordered through a network Specialty Pharmacy. Prescriptions ordered through a network Specialty Pharmacy are only filled for up to a 30-day supply due to the nature of these prescriptions.** If accessing a nonparticipating pharmacy, the member must pay the full cost of the medication at the point of service, then submit a complete paper claim and a receipt for the cost of the prescription to our Direct Member Reimbursement (DMR) unit. Reimbursements are subject to review to determine if the claim meets applicable requirements, and are subject to the terms and conditions of the benefit plan and applicable law.
- **We use a formulary.** The formulary is a list of drugs that your Plan covers. Drugs are prescribed by attending licensed doctors and covered in accordance with the 2023 Pharmacy Drug (Formulary) Guide. Certain drugs require your doctor to get precertification or step therapy from the Plan before they can be covered under the Plan. Your prescription drug plan includes drugs listed in the 2023 Pharmacy Drug (Formulary) Guide. Prescription drugs listed on the formulary exclusions list are excluded unless a medical exception is approved by the Plan. If it is medically necessary for you to use a prescription drug on the Formulary Exclusions List, you or your prescriber must request a medical exception. Visit our website at www.aetnafeds.com/pharmacy.php to review our 2023 Pharmacy Drug (Formulary) Guide or call 888-238-6240.
- **Drugs not on the formulary.** Formularies are developed and reviewed by the CVS Caremark Pharmacy and Therapeutics Committee, comprised of physicians, pharmacists and other clinicians that review drugs for inclusion in the formulary. They consider the drug's effectiveness and safety and cost in their evaluation. While most of the drugs on the non-formulary list are brand drugs, some generic drugs also may be on the non-formulary list. For example, this may happen when brand medications lose their patent and the FDA has granted a period of exclusivity to specific generic manufacturers. When this occurs, the price of the generic drug may not decrease as you might think most generic drugs do. This period of exclusivity usually ranges between 3-6 months. Once this time period expires, competition from other generic manufacturers will generally occur and this helps lower the price of the drug and this may lead the Plan to re-evaluate the generic for possible inclusion on the formulary. We will place some of these generic drugs that are granted a period of exclusivity on our non-formulary list, which requires the highest copay level. **Remember, a generic equivalent will be dispensed, if available, unless your physician specifically requires a brand name and writes "Dispense as Written" (DAW) on the prescription, so discuss this with your doctor.**
- **Choose generics.** The Plan requires the use of generics if a generic drug is available. If your physician prescribes or you request a covered brand name prescription drug when a generic prescription drug equivalent is available, you will pay the difference in cost between the brand name prescription drug and the generic prescription drug equivalent, plus the applicable copayment/coinsurance* unless your physician submits a preauthorization request providing clinical necessity and a medical exception is obtained from the Plan. Generics contain the same active ingredients in the same amounts as their brand name counterparts and have been approve by the FDA. By using generic drugs, you will see cost savings, without jeopardizing clinical outcome or compromising quality. *The differential/penalty will not apply to Plan accumulators (example: deductible and out-of-pocket maximum).
- **Precertification.** Your pharmacy benefits plan includes our precertification. Precertification helps encourage the appropriate and cost-effective use of certain drugs. These drugs must be pre-approved by our Pharmacy Management Precertification Unit before they will be covered. Only your physician or pharmacist, in the case of an antibiotic or analgesic, can request prior authorization precertification for a drug. Step-therapy is another type of precertification. Certain medications will be excluded from coverage unless you try one or more "step" drug(s) first, or unless a medical exception is obtained. The drugs requiring precertification or step-therapy are subject to change. Visit our website at www.aetnafeds.com for the most current information regarding the precertification and step-therapy lists. Ask your physician if the drugs being prescribed for you require precertification or step therapy.

- **When to use a participating retail or mail order pharmacy.** Covered prescription drugs prescribed by a licensed physician or dentist and obtained at a participating Plan retail pharmacy may be dispensed for up to a 30-day supply. Members must obtain a 31-day up to a 90-day supply of covered prescription medication through mail order (applies to in-network pharmacies only). In no event will the copay exceed the cost of the prescription drug. A generic equivalent will be dispensed if available, unless your physician specifically requires a brand name. Drug costs are calculated based on our contracted rate with the network pharmacy excluding any drug rebates. While mail order is most likely the most cost effective option for most prescriptions, there may be some instances where the most cost effective option for members will be to utilize a retail pharmacy for a 30-day supply versus mail order. Members should utilize the Cost of Care Tool prior to ordering prescriptions through mail order to determine the cost.
- In the event that a member is called to active military duty and requires coverage under their prescription plan benefits of an additional filing of their medication(s) prior to departure, their pharmacist will need to contact us. Coverage of additional prescriptions will only be allowed if there are refills remaining on the member's current prescription or a new prescription has been issued by their physician. The member is responsible for the applicable copayment for the additional prescription.
- The Plan allows coverage of a medication refill when at least 80% of the previous prescription according to the physician's prescribed directions, has been utilized. For a 30-day supply of medication, this provision would allow a prescription refill to be covered 24 days after the last filling, thereby allowing a member to have an additional supply of their medication, in case of emergency.
- **When you do have to file a claim.** Send your itemized bill(s) to: Aetna, Pharmacy Management, P.O. Box 52444, Phoenix, AZ 85072-2444.

Here are some things to keep in mind about our prescription drug program:

- A generic equivalent may be dispensed if it is available, and where allowed by law.
- **Mail order pharmacy.** Generally, the drugs available through mail order are maintenance drugs that you take on a regular basis for a chronic or long-term medical condition. Outpatient prescription drugs are covered when dispensed by a network mail order pharmacy or a CVS pharmacy®. Each prescription is limited to a maximum 90-day supply. Prescriptions for less than a 30-day supply or more than a 90-day supply are not eligible for coverage when dispensed by a network mail order pharmacy.
- **Specialty drugs.** Specialty drugs are medications that treat complex, chronic diseases. Our specialty drug program is called Aetna Specialty Formulary, which includes select oral, injectable and infused medications. The first fill including all subsequent refills of these medications must be obtained through a network specialty pharmacy.

  Certain Specialty Formulary medications identified on the Specialty Drug List may be covered under the medical or pharmacy section of this brochure depending on how and where the medication is administered. If the provider supplies and administers the medication during an office visit, you will pay the applicable PCP or specialist cost sharing. If you obtain the prescribed medications directly from a network specialty pharmacy. You will pay the applicable copay as outlined in Section 5(f) of this brochure.

  Often these drugs require special handling, storage and shipping. For a detailed listing of specialty medications, visit www.aetnafeds.com/pharmacy.php or contact us at 888-238-6240 for a copy. Note that the medications and categories covered are subject to change. **Some specialty medications may qualify for third-party copayment assistance programs that could lower your out of-pocket costs for those products. For any such specialty medication where third-party copayment assistance is used, you shall not receive credit toward your out-of-pocket maximum or deductible for any copayment or coinsurance amounts that are applied to a manufacturer coupon or rebate.**
- To request a printed copy of the 2023 Pharmacy Drug (Formulary) Guide, call 888-238-6240. The information in the 2023 Pharmacy Drug (Formulary) Guide is subject to change. As brand name drugs lose their patents and the exclusivity period expires, and new generics become available on the market, the brand name drug may be removed from the formulary. Under your benefit plan, this will result in a savings to you, as you pay a lower prescription copayment for generic formulary drugs. Please visit our website at www.aetnafeds.com/pharmacy.php for current 2023 Pharmacy Drug (Formulary) Guide information.

Value Plan Benefits

See Summary of Benefits for a benefits summary.

Section 5. Value Plan Benefits Overview

This Plan offers a Value option. Our benefit package is described in this Section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

Value Plan Section 5, which describes the Value Plan benefits, is divided into subsections. Please read *Important things you should keep in mind about these benefits* at the beginning of each subsection. Also read the general exclusions in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about Value Plan benefits, contact us at 888-238-6240 or on our website at www.aetnafeds.com.

With this Plan, in-network preventive care is covered in full. As you receive other non-preventive medical care, you must meet the Plan's deductible before we pay benefits according to the benefits described in Section 5. Traditional Medical Coverage Subject to the Deductible.

- **Traditional medical coverage subject to the deductible**

  After you have paid the Plan's deductible (In-network: $700 for Self Only enrollment, $1,400 for Self Plus One enrollment and $1,400 for Self and Family enrollment or Out-of-network: $1,400 for Self Only enrollment, $2,800 for Self Plus One enrollment and $2,800 for Self and Family enrollment), we pay benefits under Traditional medical coverage described in Section 5. The Plan typically pays 80% for in-network care and 50% for out-of-network care.

  Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductibles for in-network and out-of-network do not cross apply and will need to be met separately for traditional benefits to begin.

  Note: Preventive care, PCP/Specialist office visits and Prescription costs are not subject to the annual in-network deductible.

- **Catastrophic protection for out-of-pocket expenses**

  Your annual maximum for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to $6,000 for Self Only, $12,000 for Self Plus One, or $12,000 for Self and Family enrollment in-network and $7,000 for Self Only, $14,000 for Self Plus One, or $14,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's allowable amount or benefit maximum). Refer to Section 4 Your catastrophic protection out-of-pocket maximum and Value Section 5 *Traditional medical coverage subject to the deductible* for more details. In-network and Out-of-network out-of-pocket maximums do not cross apply and will need to be met separately in order for eligible medical expenses to be paid at 100%.

- **Health education resources and account management tools**

  Connect to www.aetnafeds.com for access to the Aetna Member website, a secure and personalized member site offering you a single source for health and benefits information. Use it to:

  - Perform self-service functions, like checking your deductible balance or the status of a claim.

  Aetna Member website gives you direct access to:

  - Care and Costs tools that compare in-network and out-of-network provider fees, the cost of brand-name drugs vs. their generic equivalents, and the costs for services such as routine physicals, emergency room visits, lab tests, X-rays, MRIs, etc.

- Real-time, out-of-pocket estimates for medical expenses based on your Aetna health plan. You can compare the cost of doctors and facilities before you make an appointment, helping you budget for and manage health care expenses.
- A hospital comparison tool that allows you to see how hospitals in your area rank on measures important to your care.
- Our online provider directory.
- Online customer service that allows you to request member ID cards, send secure messages to Member Services, and more.
- Tools and resources to help you manage your health with access to your health assessment, digital coaching, personal health record, and more.

- **Health Incentive Credit and Biometric Screening Incentive**

Health Incentive Credit: The Plan will provide a health incentive credit of up to $200 for Self Only, $400 for Self Plus One or $400 for Self and Family for completing any combination of the activities listed below. Each activity below allows a member to earn a $50 credit for completion, up to the maximum incentive credit of $200 for Self Only, $400 for Self Plus One or $400 for Self and Family.

- Online health risk assessment and one online wellness program (incentive credit only available to enrollee and spouse)
- Routine mammogram
- Well adult preventive care (includes well adult visits, Prostate Specific Antigen (PSA) test, routine hearing exam and routine X-ray)
- Well baby/well child preventive care
- Immunizations
- Flu Shot
- Well woman preventive care (includes routine Ob/Gyn and routine Pap/Radiologist/ Pathologist and Lab)
- Routine eye exam

All services listed above must be covered services and can be subject to frequency limitations.

Biometric Screening Incentive: (Available February 1st - December 31st due to tracking requirements) The Plan will provide a health incentive credit for an enrollee and/or spouse (over 18 years of age) who complete a biometric screening. Biometric screenings must include total cholesterol, HDL, calculated LDL, calculated cholesterol/HDL ratio, triglycerides and glucose, blood pressure, and waist circumference.

Members obtain the screening at a Quest Diagnostics Patient Service Center (PSC). If you are not located within 20 miles of a Quest Diagnostics PSC, you may send the appropriate form to your physician's office, and request that your physician complete the form and fax or mail it back to Quest. Visit www.aetnafeds.com for information on setting up an appointment at a Quest PSC or to obtain the form if you are not located within 20 miles of a Quest PSC. The biometric screening incentive is separate from the health incentive credit the Plan offers for completion of wellness activities.

The Plan will provide a credit of $50 per enrollee and/or spouse, up to an annual family limit of $100 upon completion of the biometric screening.

Visit www.aetnafeds.com for information on setting up an appointment at a Quest PSC or to obtain the form if you are not located within 20 miles of a Quest PSC.

Credits earned from the Health Incentive Credit and Biometric Screening Incentive will offset future claims. Any new claims submitted after credits are earned will be paid first with any accumulated credits. The incentive credit will offset the deductible and coinsurance, not any other kind of member responsibility (such as copays). Credits also cannot be used toward pharmacy copays or coinsurance.

The following is an example of how the credits would work:

A member completes two of the activities above and earns $100 in credits. The member then receives services and the charge is $67. The member has not yet met their deductible. The provider will submit the claim to Aetna and Aetna would pay the $67 using the member's credit. Member would owe nothing to the provider and would still have a $33 credit to use toward another claim. The $67 would still apply to the member's deductible. Any unused credits carry over year to year as long as the member continues in that plan.

Section 5. Medical Preventive Care

Important things you should keep in mind about these medical preventive care benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Preventive care is health care services designed for prevention and early detection of illness in average risk, people without symptoms, generally including routine physical examinations, tests and immunizations. We follow the U.S. Preventive Services Task Force recommendations for preventive care unless noted otherwise. For more information visit www.aetnafeds.com.
- The Plan pays 100% for the medical preventive care services listed in this Section as long as you use a network provider.
- If you choose to access preventive care from a non-network provider, you will not qualify for 100% preventive care coverage. Please see Section 5 – Traditional medical coverage subject to the deductible.
- For preventive care not listed in this Section, preventive care from a non-network provider, or any other covered expenses, please see Section 5 – Traditional medical coverage subject to the deductible.

Section 5. Traditional Medical Coverage Subject to the Deductible

Important things you should keep in mind about these benefits:

- Traditional medical coverage does not begin to pay until you have satisfied your deductible.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In-network medical preventive care is covered at 100% (see Section 5. Medical Preventive Care) and is not subject to your calendar year deductible.
- The deductible is: In-network - $700 for Self Only enrollment, $1,400 for a Self Plus One enrollment and $1,400 for Self and Family enrollment and Out-of-network $1,400 for a Self Only enrollment, $2,800 for a Self Plus One, and $2,800 for a Self and Family enrollment. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. You must satisfy your deductible before your Traditional medical coverage may begin. Note: Preventive care, PCP/ Specialist office visits and Prescription costs are not subject to the annual in-network deductible. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.
- Under Traditional medical coverage, in-network benefits apply only when you use a network provider. Out-of-network benefits apply when you do not use a network provider. Your dollars will generally go further when you use network providers because network providers agree to discount their fees.
- Whether you use network or non-network providers, you are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your coinsurance, copayments and deductibles total $6,000 for Self Only enrollment, $12,000 for Self Plus One, or $12,000 for Self and Family enrollment in-network or $7,000 for Self Only enrollment, $14,000 for Self Plus One, or $14,000 for Self and Family enrollment out-of-network in any calendar year, you do not have to pay any more for covered services from network or non-network providers. Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's benefit maximum, or if you use out-of-network providers, amounts in excess of the Plan allowance).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay
Deductible before Traditional medical coverage begins	**Value**
You must satisfy your deductible before your Traditional medical coverage begins. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. Once your Traditional medical coverage begins, you will be responsible for your coinsurance amounts for eligible medical expenses or copayments for eligible prescriptions, until you reach the annual catastrophic protection out-of-pocket maximum. At that point, we pay eligible medical expenses for the remainder of the calendar year at 100%. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin.	100% of allowable charges until you meet the deductible: In-network: $700 for Self Only enrollment, $1,400 for Self Plus One enrollment, and $1,400 for Self and Family enrollment Out-of-Network: $1,400 per Self Only enrollment, $2,800 for Self Plus One enrollment, or $2,800 per Self and Family enrollment

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Health Care Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is: In-network - $700 for Self Only enrollment, $1,400 for Self Plus One enrollment, and $1,400 for Self and Family enrollment or Out-of-Network - $1,400 for Self Only enrollment, $2,800 for Self Plus One enrollment, and $2,800 for Self and Family enrollment each calendar year. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin. Note: PCP office visits and Specialist office visits are not subject to the annual in-network deductible.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Health Care Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is: In-network - $700 for Self Only enrollment, $1,400 for Self Plus One enrollment, and $1,400 for Self and Family enrollment or Out-of-Network - $1,400 for Self Only enrollment, $2,800 for Self Plus One enrollment, and $2,800 for Self and Family enrollment each calendar year. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin. Note: PCP office visits and Specialist office visits are not subject to the annual in-network deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with a facility (i.e., hospital, surgical center, etc.).
- **YOU OR YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES**. Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

- Recurrent germ cell tumors (including testicular cancer)	In-network: 20% of our Plan allowance Out-of-network: 50% of our Plan allowance and any difference between our allowance and the billed amount.
Blood or marrow stem cell transplants Physicians consider many features to determine how diseases will respond to different types of treatment. Some of the features measured are the presence or absence of normal and abnormal chromosomes, the extension of the disease throughout the body, and how fast the tumor cells can grow. By analyzing these and other characteristics, physicians can determine which diseases may respond to treatment without transplant and which diseases may respond to transplant. The Plan extends coverage for the diagnoses as indicated below. • Allogeneic transplants for: - Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia - Acute myeloid leukemia - Advanced Hodgkin's lymphoma with recurrence (relapsed) - Advanced Myeloproliferative Disorders (MPDs) - Advanced non-Hodgkin's lymphoma with recurrence (relapsed) - Amyloidosis - Chronic lymphocytic leukemia/small lymphocytic lymphoma (CLL/SLL)* - Hemoglobinopathies - Infantile malignant osteopetrosis - Kostmann's syndrome - Leukocyte adhesion deficiencies - Marrow Failure and Related Disorders (i.e. Fanconi’s, Paroxysmal Nocturnal Hemoglobinuria, Pure Red Cell Aplasia) - Mucolipidosis (e.g., Gaucher's disease, metachromatic leukodystrophy, adrenoleukodystrophy) - Mucopolysaccharidosis (e.g., Hunter's syndrome, Hurler's syndrome, Sanfillippo's syndrome, Maroteaux-Lamy syndrome variants) - Myelodysplasia/Myelodysplastic Syndromes - Paroxysmal Nocturnal Hemoglobinuria - Phagocytic/Hemophagocytic deficiency diseases (e.g., Wiskott-Aldrich syndrome) - Severe combined immunodeficiency - Severe or very severe aplastic anemia - Sickle cell anemia - X-linked lymphoproliferative syndrome	In-network: 20% of our Plan allowance Out-of-network: 50% of our Plan allowance and any difference between our allowance and the billed amount.

- Scleroderma-SSc (severe, progressive) - Small cell lung cancer - Systemic lupus erythematosus - Systemic sclerosis • **National Transplant Program (NTP) -** Transplants which are non-experimental or non-investigational are a covered benefit. Covered transplants must be ordered by your primary care doctor and plan specialist physician and approved by our medical director in advance of the surgery. To receive in-network benefits the transplant must be performed at hospitals (Institutes of Excellence) specifically approved and designated by us to perform these procedures. A transplant is non-experimental and non-investigational when we have determined, in our sole discretion, that the medical community has generally accepted the procedure as appropriate treatment for your specific condition. Coverage for a transplant where you are the recipient includes coverage for the medical and surgical expenses of a live donor, to the extent these services are not covered by another plan or program. *Note: Transplants must be performed at hospitals designated as Institutes of Excellence (IOE). Hospitals in our network, but not designated as an IOE hospital will be covered at the out-of-network benefit level. Note: We cover related medical and hospital expenses of the donor when we cover the recipient. We cover donor testing for the actual solid organ donor or up to four allogenic bone marrow/stem cell transplant donors in addition to the testing of family members.	In-network: 20% of our Plan allowance Out-of-network: 50% of our Plan allowance and any difference between our allowance and the billed amount.
Clinical trials must meet the following criteria: A. The member has a current diagnosis that will most likely cause death within one (1) year or less despite therapy with currently accepted treatment; or the member has a diagnosis of cancer; AND B. *All* of the following criteria must be met: 1. Standard therapies have not been effective in treating the member or would not be medically appropriate; and 2. The risks and benefits of the experimental or investigational technology are reasonable compared to those associated with the member's medical condition and standard therapy based on at least two (2) documents of medical and scientific evidence (as defined below); and 3. The experimental or investigational technology shows promise of being effective as demonstrated by the member's participation in a clinical trial satisfying ALL of the following criteria: a. The experimental or investigational drug, device, procedure, or treatment is under current review by the FDA and has an Investigational New Drug (IND) number; and	In-network: 20% of our Plan allowance Out-of-network: 50% of our Plan allowance and any difference between our allowance and the billed amount.

b. The clinical trial has passed review by a panel of independent medical professionals (evidenced by Aetna's review of the written clinical trial protocols from the requesting institution) approved by Aetna who treat the type of disease involved and has also been approved by an Institutional Review Board (IRB) that will oversee the investigation; and c. The clinical trial is sponsored by the National Cancer Institute (NCI) or similar national cooperative body (e.g., Department of Defense, VA Affairs) and conforms to the rigorous independent oversight criteria as defined by the NCI for the performance of clinical trials; and d. The clinical trial is not a single institution or investigator study (NCI designated Cancer Centers are exempt from this requirement); and 4. The member must: a. Not be treated "off protocol," and b. Must actually be enrolled in the trial.	In-network: 20% of our Plan allowance Out-of-network: 50% of our Plan allowance and any difference between our allowance and the billed amount.
Not covered: • *The experimental intervention itself (except medically necessary Category B investigational devices and promising experimental and investigational interventions for terminal illnesses in certain clinical trials. Terminal illness means a medical prognosis of 6 months or less to live); and* • *Costs of data collection and record keeping that would not be required but for the clinical trial; and* • *Other services to clinical trial participants necessary solely to satisfy data collection needs of the clinical trial (i.e., "protocol-induced costs"); and* • *Items and services provided by the trial sponsor without charge* • *Donor screening tests and donor search expenses, except as shown above* • *Implants of artificial organs* • *Transplants not listed as covered*	*All charges*

Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is: In-network - $700 for Self Only enrollment, $1,400 for Self Plus One enrollment, and $1,400 for Self and Family enrollment or Out-of-Network - 1,400 for Self Only enrollment, $2,800 for Self Plus One enrollment, and $2,800 for Self and Family enrollment each calendar year. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin. Note: PCP office visits and Specialist office visits are not subject to the annual in-network deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Sections 5(a) or (b).
- **YOUR NETWORK PHYSICIAN MUST PRECERTIFY HOSPITAL STAYS FOR IN-NETWORK FACILITY CARE; YOU MUST PRECERTIFY HOSPITAL STAYS FOR NON-NETWORK FACILITY CARE; FAILURE TO DO SO WILL RESULT IN A $500 PENALTY FOR NON-NETWORK FACILITY CARE**. Please refer to the precertification information shown in Section 3 to confirm which services require precertification.
- We define observation as monitoring patients following medical or surgical treatments to find out if they need more care, need admission or can be discharged. Observation care can be billed as Emergency Room, Outpatient, or Inpatient depending on where services are rendered, benefited accordingly and how it is billed to us within the scope of the facilities contract. Hospital observation cost share is determined as anything greater than 23 hours, and Aetna's policy is to allow up to 48 hours of hospital observation without preauthorization. After 48 hours, facilities must determine if they are going to discharge or admit the patient from observation and if admitting they will be responsible to preauthorize (if out-of-network member is responsible to preauthorize inpatient stay). Once admitted, inpatient member cost sharing will apply.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

If you need emergency care, you are covered 24 hours a day, 7 days a week, anywhere in the world. An emergency medical condition is one manifesting itself by acute symptoms of sufficient severity such that a prudent layperson, who possesses average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in serious jeopardy to the person's health, or with respect to a pregnant woman, the health of the woman and her unborn child. If you are admitted to an inpatient facility, you or a family member or friend on your behalf should notify Aetna as soon as possible.

Section 5(e). Mental Health and Substance Use Disorder Benefits

You need to get Plan approval (preauthorization) for certain services.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- The deductible is: In-network - $700 for Self Only enrollment, $1,400 for Self Plus One enrollment, and $1,400 for Self and Family enrollment or Out-of-Network - $1,400 for Self Only enrollment, $2,800 for Self Plus One enrollment, and $2,800 for Self and Family enrollment each calendar year. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section. In-network and out-of-network deductibles do not cross apply and will need to be met separately for traditional benefits to begin. Note: PCP office visits and Specialist office visits are not subject to the annual in-network deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- **YOU MUST GET PREAUTHORIZATION FOR THESE SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan. Please see Section 3 of this brochure for a list of services that require preauthorization.
- Aetna can assist you in locating participating providers in the Plan, unless your needs for covered services extend beyond the capability of the affiliated providers. Emergency care is covered (See Section 5(d), Emergency services/accidents). You can receive information regarding the appropriate way to access the behavioral health care services that are covered under your specific plan by calling member Services at 888-238-6240. A referral from your PCP is not necessary to access behavioral health care but your PCP may assist in coordinating your care.
- We will provide medical review criteria for denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Benefit Description	You pay After the calendar year deductible…
Note: The calendar year deductible applies to almost all benefits in this Section. We say "(No deductible)" when it does not apply.

Section 5(f). Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- This is a five tier open formulary pharmacy plan, Advanced Control Formulary. The formulary is a list of generic and brand-name drugs that your health plan covers. With your Advanced Control Formulary Pharmacy plan, each drug is grouped as a generic, a brand or a specialty drug. The preferred drugs within these groups will generally save you money compared to a non-preferred drug. Each tier has a separate out-of-pocket cost.
  - Preferred generic
  - Preferred brand
  - Non-preferred generic and brand
  - Preferred specialty
  - Non-preferred specialty
- We cover prescribed drugs and medications, as described in the chart beginning on the third page. Copayment/coinsurance levels reflect in-network pharmacies only. If you obtain your prescription at an out-of-network pharmacy (non-preferred), you will be reimbursed at our Plan allowance less 50%. You are responsible for any difference between our Plan allowance and the billed amount.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- For prescription drugs and medications, In-network: Deductible does not apply. Out-of-Network: You must first satisfy your deductible. Out-of-Network: $1,400 for Self Only enrollment, $2,800 for Self Plus One enrollment, and $2,800 for Self and Family enrollment each calendar year. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members. The out-of-network deductible applies to all out-of-network benefits in this Section. The cost of your prescription is based on the Aetna contracted rate with network pharmacies. The Aetna contracted rate with the network pharmacy does not reflect or include any rebates Aetna receives from drug manufacturers.
- In-network, you will pay a copayment or coinsurance at in-network retail pharmacies or the mail-order pharmacy for prescriptions under your Traditional medical coverage. Out-of-network, once you satisfy the deductible you will pay 50% coinsurance plus the difference between our Plan allowance and the billed amount at out-of-network retail pharmacies. There is no out-of-network mail order pharmacy program.
- Certain drugs require your doctor to get precertification from the Plan before they can be covered under the Plan. Upon approval by the Plan, the prescription is covered for the current calendar year or a specified time period, whichever is less.
- Be sure to read Section 4, *Your costs for covered services,* for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of which include:

- **Who can write your prescription.** A licensed physician or dentist or, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice must prescribe your medication.

- **Where you can obtain them.** Any retail pharmacy can be used for up to a 30-day supply. Our mail order program must be utilized for a 31-day up to a 90-day supply of medication (if authorized by your physician). You may obtain up to a 30-day supply of medication for one copay (retail pharmacy), and for a 31-day up to a 90-day supply of medication for two copays (mail order). For retail pharmacy transactions, you must present your Aetna Member ID card at the point of sale for coverage. Please call Member Services at 888-238-6240 for more details on how to use the mail order program. **Mail order is not available for drugs and medications ordered through a network Specialty Pharmacy. Prescriptions ordered through a network Specialty Pharmacy are only filled for up to a 30-day supply due to the nature of these prescriptions.** If accessing a nonparticipating pharmacy, the member must pay the full cost of the medication at the point of service, then submit a complete paper claim and a receipt for the cost of the prescription to our Direct Member Reimbursement (DMR) unit. Reimbursements are subject to review to determine if the claim meets applicable requirements, and are subject to the terms and conditions of the benefit plan and applicable law.
- **We use a formulary.** The formulary is a list of drugs that your Plan covers. Drugs are prescribed by attending licensed doctors and covered in accordance with the 2023 Pharmacy Drug (Formulary) Guide. Certain drugs require your doctor to get precertification or step therapy from the Plan before they can be covered under the Plan. Your prescription drug plan includes drugs listed in the 2023 Pharmacy Drug (Formulary) Guide. Prescription drugs listed on the formulary exclusions list are excluded unless a medical exception is approved by us the Plan. If it is medically necessary for you to use a prescription drug on the Formulary Exclusions List, you or your prescriber must request a medical exception. Visit our website at www.aetnafeds.com/pharmacy.php to review our 2023 Pharmacy Drug (Formulary) Guide or call 888-238-6240.
- **Drugs not on the formulary.** Formularies are developed and reviewed by the CVS Caremark Pharmacy and Therapeutics Committee, comprised of physicians, pharmacists and other clinicians that review drugs for inclusion in the formulary. They consider the drug's effectiveness and safety and cost in their evaluation. While most of the drugs on the non-formulary list are brand drugs, some generic drugs also may be on the non-formulary list. For example, this may happen when brand medications lose their patent and the FDA has granted a period of exclusivity to specific generic manufacturers. When this occurs, the price of the generic drug may not decrease as you might think most generic drugs do. This period of exclusivity usually ranges between 3-6 months. Once this time period expires, competition from other generic manufacturers will generally occur and this helps lower the price of the drug and this may lead the Plan to re-evaluate the generic for possible inclusion on the formulary. We will place some of these generic drugs that are granted a period of exclusivity on our non-formulary list, which requires the highest copay level.
- **Choose generics.** The Plan requires the use of generics if a generic drug is available. If your physician prescribes or you request a covered brand name prescription drug when a generic prescription drug equivalent is available, you will pay the difference in cost between the brand name prescription drug and the generic prescription drug equivalent, plus the applicable copayment/coinsurance* unless your physician submits a preauthorization request providing clinical necessity and a medical exception is obtained from the Plan. Generics contain the same active ingredients in the same amounts as their brand name counterparts and have been approved by the FDA. By using generic drugs, you will see cost savings, without jeopardizing clinical outcome or compromising quality. *The differential/penalty will not apply to Plan accumulators (example: deductible and out-of-pocket maximum).
- **Precertification.** Your pharmacy benefits plan includes precertification. Precertification helps encourage the appropriate and cost-effective use of certain drugs. These drugs must be pre-approved by our Pharmacy Management Precertification Unit before they will be covered. Only your physician or pharmacist, in the case of an antibiotic or analgesic, can request precertification for a drug. Step-therapy is another type of precertification. Certain medications will be excluded from coverage unless you try one or more "step" drug(s) first, or unless a medical exception is obtained. The drugs requiring precertification or step-therapy are subject to change. Visit our website at www.aetnafeds.com for the most current information regarding the precertification and step-therapy lists. Ask your physician if the drugs being prescribed for you require precertification or step therapy.

- **When to use a participating retail or mail order pharmacy.** Covered prescription drugs prescribed by a licensed physician or dentist and obtained at a participating Plan retail pharmacy may be dispensed for up to a 30-day supply. Members must obtain a 31-day up to a 90-day supply of covered prescription medication through mail order. In no event will the copay exceed the cost of the prescription drug. A generic equivalent will be dispensed if available. (See choose generics above) Drug costs are calculated based on our contracted rate with the network pharmacy excluding any drug rebates. While mail order is most likely the most cost effective option for most prescriptions, there may be some instances where the most cost effective option for members will be to utilize a retail pharmacy for a 30-day supply versus mail order. Members should utilize the Cost of Care Tool on Aetna Member website prior to ordering prescriptions through mail order to determine the cost.

  In the event that a member is called to active military duty and requires coverage under their prescription plan benefits of an additional filing of their medication(s) prior to departure, their pharmacist will need to contact us. Coverage of additional prescriptions will only be allowed if there are refills remaining on the member's current prescription or a new prescription has been issued by their physician. The member is responsible for the applicable copayment for the additional prescription.

- The Plan allows coverage of a medication refill when at least 80% of the previous prescription according to the physician's prescribed directions, has been utilized. For a 30-day supply of medication, this provision would allow a prescription refill to be covered 24 days after the last filling, thereby allowing a member to have an additional supply of their medication, in case of emergency.

- **When you do have to file a claim.** Send your itemized bill(s) to: Aetna, Pharmacy Management, P.O. Box 52444, Phoenix, AZ 85072-2444.

Here are some things to keep in mind about our prescription drug program:

- A generic equivalent may be dispensed if it is available, and where allowed by law.

- **Mail order pharmacy.** Generally, the drugs available through mail order are maintenance drugs that you take on a regular basis for a chronic or long-term medical condition. Outpatient prescription drugs are covered when dispensed by a network mail order pharmacy or a CVS pharmacy®. Each prescription is limited to a maximum 90-day supply. Prescriptions for less than a 30-day supply or more than a 90-day supply are not eligible for coverage when dispensed by a network mail order pharmacy.

- **Specialty drugs.** Specialty drugs are medications that treat complex, chronic diseases which includes select oral, injectable and infused medications. The first fill including all subsequent refills of these medications must be obtained through a network specialty pharmacy.

  Certain Specialty Formulary medications identified on the Specialty Drug List maybe covered under the medical or pharmacy section of this brochure depending on how and where the medication is administered. If the provider supplies and administers the medication during an office visit, you will pay the applicable PCP or specialist office cost sharing. If you obtain the prescribed medications directly from a network specialty pharmacy. You will pay the applicable copay as outlined in Section 5(f) of this brochure.

  Often these drugs require special handling, storage and shipping. For a detailed listing of specialtymedications visit www.aetnafeds.com/pharmacy.php or contact us at 800-537-9384 for a copy. Note that the medications and categories covered are subject to change. **Some specialty medications may qualify for third-party copayment assistance programs that could lower your out of-pocket costs for those products. For any such specialty medication where third-party copayment assistance is used, you shall not receive credit toward your out-of-pocket maximum or deductible for any copayment or coinsurance amounts that are applied to a manufacturer coupon or rebate.**

- To request a printed copy of the 2023 Pharmacy Drug (Formulary) Guide, call 888-238-6240. The information in the 2023 Pharmacy Drug (Formulary) Guide is subject to change. As brand name drugs lose their patents and the exclusivity period expires, and new generics become available on the market, the brand name drug may be removed from the formulary. Under your benefit plan, this will result in a savings to you, as you pay a lower prescription copayment for generic formulary drugs. Please visit our website at www.aetnafeds.com for current 2023 Pharmacy Drug (Formulary) Guide information.

Section 5(h). Wellness and Other Special Features

Feature	Description
Flexible benefits option	Under the flexible benefits option, we determine the most effective way to provide services. • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).

Enhanced Maternity Program:	Learn about what to expect before and after delivery, early labor symptoms, newborn care and more. We can also help you make choices for a healthy pregnancy, lower your risk for early labor, cope with postpartum depression and stop smoking. To enroll in the program, call toll-free 1-800-272-3531 between 8 am and 7 pm ET. We will ask you questions to help us know you better and support you best. Enroll early and receive a reward when you sign up by the 16th week of pregnancy. To enroll in the program, call toll-free 1-800-272-3531 between 8 am and 7 pm ET.

Non-FEHB Benefits Available to Plan Members

The benefits on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information, contact the plan at 888-238-6240 or visit their website at www.aetnafeds.com.

Eyewear and exams

Discounts on designer frames, prescription lenses, lens options like scratch coating, tint and non-disposable contact lenses. Save on LASIK laser eye surgery and replacement contact lenses delivered to your door. Save on accessories like eyeglass chains, lens cases, cleaners, and nonprescription sunglasses. Visit many doctors in private practice. Plus, national chains like LensCrafters®, Target Optical® and Pearle Vision®.

Hearing aids and exams

Getting started is easy, just log in to your member website at Aetnafeds.com, once you're an Aetna member.

DISCOUNT OFFERS ARE NOT INSURANCE*. They are not benefits under your insurance plan. You get access to discounts off the regular charge on products and services offered by third party vendors and providers. Aetna makes no payment to the third parties--you are responsible for the full cost. Check any insurance plan benefits you have before using these discount offers, as those benefits may give you lower costs than these discounts.*

Discount vendors and providers are not agents of Aetna and are solely responsible for the products and services they provide. Discount offers are not guaranteed and may be ended at any time. Aetna may get a fee when you buy these discounted products and services.

Hearing products and services are provided by Hearing Care Solutions and Amplifon Hearing Health Care.

Vision care providers are contracted through EyeMed Vision Care. LASIK surgery discounts are offered by the U.S. Laser Network and Qualsight. Natural products and services are offered through ChooseHealthy®, a program provided by ChooseHealthy, Inc. which is a subsidiary of American Specialty Health Incorporated (ASH). ChooseHealthy is a registered trademark of ASH and is used with permission.

Section 6. General Exclusions – Services, Drugs and Supplies We Do Not Cover

The exclusions in this Section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *When you need prior Plan approval for certain services*.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants).
- Procedures, services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies you receive from a provider or facility barred or precluded from the FEHB Program or other Federal Programs.
- Services, drugs, or supplies you receive without charge while in active military service.
- Cost of data collection and record keeping for clinical trials that would not be required, but for the clinical trial.
- Items and services provided by clinical trial sponsor without charge.
- Care for conditions that state or local law requires to be treated in a public facility, including but not limited to, mental illness commitments.
- Court ordered services, or those required by court order as a condition of parole or probation, except when medically necessary.
- Educational services for treatment of behavioral disorders.
- Services provided by a family member or resident in the member’s home.
- Services or supplies we are prohibited from covering under the Federal law.

Section 7. Filing a Claim for Covered Services

This section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan providers, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

Medical, hospital and prescription drug benefits

To obtain claim forms or other claims filing advice or answers about your benefits, contact us at 888-238-6240.

In most cases, providers and facilities file claims for you. Your Provider must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, contact us at 888-238-6240, or at our website at www.aetnafeds.com.

When you must file a claim, such as when you use non-network providers, for services you receive overseas or when another group health plan is primary, submit it on the Aetna claim form. You can obtain this form by either calling us at 888-238-6240 or by logging onto your personalized home page on Aetna Member website from the www.aetnafeds.com website and clicking on “Forms.” Bills and receipts should be itemized and show:

- Name of patient and relationship to enrollee
- Covered member's name, date of birth, address, phone number and ID number
- Name, address and taxpayer identification number of provider or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

In addition:

- You must send a copy of the explanation of benefits (EOB) payments or denial from any primary payor - such as Medicare Summary Notice (MSN) with your claim
- Bills for home nursing care must show that the nurse is a registered or licensed practical nurse
- Claims for rental or purchase of durable medical equipment; private duty nursing; and physical, occupational, and speech therapy require a written statement from the physician specifying the medical necessity for the service or supply and the length of time needed
- Claims for prescription drugs and supplies that are not obtained from a network pharmacy or through the Mail Order Service Prescription Drug Program must include receipts that include the prescription number, name of drug or supply, prescribing physician’s name, date and charge
- You should provide an English translation and currency conversion rate at the time of services for claims for overseas (foreign) services

Records

Keep a separate record of the medical expenses of each covered family member. Save copies of all medical bills, including those you accumulate to satisfy your deductible. In most instances, they will serve as evidence of your claim. We will not provide duplicate or year-end statements.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible:

Aetna Life Insurance Company
P.O. Box 14079
Lexington, KY 40512-4079

You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible. Once we pay benefits, there is a three-year limitation on the reissuance of uncashed checks.

Overseas claims

For covered services you receive in hospitals outside the United States and performed by physicians outside the United States, send a completed Claim Form and the itemized bills to the following address. Also send any written inquiries, concerning the processing of overseas claims to:

Aetna Life Insurance Company
P.O. Box 14079
Lexington, KY 40512-4079

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a health care professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10% of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as phone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

Section 8. The Disputed Claims Process

You may appeal to the U.S. Office of Personnel Management (OPM) if we do not follow the required claims process. For more information or to make an inquiry about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Section 3, 7, and 8 of this brochure, please call Aetna's Customer Service at the phone number found on your ID card, plan brochure or plan website: www.aetnafeds.com.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing Aetna, Attention: National Accounts, P.O. Box 14463, Lexington, KY 40512 or calling 888-238-6240.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/ investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or their subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Disagreements between you and the CDHP fiduciary regarding the administration of an HRA are not subject to the disputed claims process.

Step	Description
1	Ask us in writing to reconsider our initial decision. You must: a) Write to us within 6 months from the date of our decision; and b) Send your request to us at: Aetna Inc., Attention: National Accounts, P.O. Box 14463, Lexington, KY 40512; and c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. e) Include your email address, if you would like to receive our decision via email. Please note that by providing us your email address, you may receive our decision more quickly. We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

Step	Description
2	In the case of a post-service claim, we have 30 days from the date we receive your request to: a) Pay the claim or b) Write to you and maintain our denial or c) Ask you or your provider for more information. You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
3	If you do not agree with our decision, you may ask OPM to review it. You must write to OPM within: • 90 days after the date of our letter upholding our initial decision; or • 120 days after you first wrote to us--if we did not answer that request in some way within 30 days; or • 120 days after we asked for additional information. Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, FEHB 3, 1900 E Street, NW, Washington, DC 20415-3630. Send OPM the following information: • A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure; • Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms; • Copies of all letters you sent to us about the claim; • Copies of all letters we sent to you about the claim; and • Your daytime phone number and the best time to call. • Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly. Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim. Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent. Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond our control.
4	OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals. If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

	OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record. You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 888-238-6240. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's FEHB 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a family member is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating Benefits with Medicare and Other Coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called "double coverage."

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the national Association of Insurance Commissioners' (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at https://www.aetnafeds.com/NAIC.php.

When we are the primary payor, we pay the benefits described in this brochure.

When we are the secondary payor, the primary Plan will process the benefit for the expenses first, up to its plan limit. If the expense is covered in full by the primary plan, we will not pay anything. If the expense is not covered in full by the primary plan, we determine our allowance. If the primary Plan uses a preferred provider arrangement, we use the lesser of the primary plan's negotiated fee, Aetna's Reasonable and Customary (R&C) and billed charges. If the primary plan does not use a preferred provider arrangement, we use the lesser of Aetna's R&C and billed charges. If the primary plan uses a preferred provider arrangement and Aetna does not, the allowable amount is the lesser of the primary plan's negotiated rate, Aetna's R&C and billed charges. If both plans do not use a preferred provider arrangement, we use the lesser of Aetna's R&C and billed charges.

For example, we generally only make up the difference between the primary payor's benefit payment and 100% of our Plan allowance, subject to your applicable deductible, if any, and coinsurance or copayment amounts.

When Medicare is the primary payor and the provider accepts Medicare assignment, our allowance is the difference between Medicare's allowance and the amount paid by Medicare. We do not pay more than our allowance. You are still responsible for your copayment, deductible or coinsurance based on the amount left after Medicare payment.

- **TRICARE and CHAMPVA**

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

- **Workers' Compensation**

Every job-related injury or illness should be reported as soon as possible to your supervisor. Injury also means any illness or disease that is caused or aggravated by the employment as well as damage to medical braces, artificial limbs and other prosthetic devices. If you are a federal or postal employee, ask your supervisor to authorize medical treatment by use of form CA-16 before you obtain treatment. If your medical treatment is accepted by the Dept. of Labor Office of Workers' Compensation (OWCP), the provider will be compensated by OWCP. If your treatment is determined not job-related, we will process your benefit according to the terms of this plan, including use of in-network providers. Take form CA-16 and form OWCP-1500/HCFA-1500 to your provider, or send it to your provider as soon as possible after treatment, to avoid complications about whether your treatment is covered by this plan or by OWCP.

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

- **Medicaid**

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar state-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Our right to pursue and receive subrogation and reimbursement recoveries is a condition of, and a limitation on, the nature of benefits or benefit payments and on the provision of benefits under our coverage.

If you have received benefits or benefit payments as a result of an injury or illness and you or your representatives, heirs, administrators, successors, or assignees receive payment from any party that may be liable, a third party's insurance policies, your own insurance policies, or a workers' compensation program or policy, you must reimburse us out of that payment. Our right of reimbursement extends to any payment received by settlement, judgment, or otherwise.

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or Illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

This Plan always pays secondary to:

- Any medical payment, PIP or No-Fault coverage under any automobile policy available to you.
- Any plan or program which is required by law.

You should review your automobile insurance policy to ensure that uncoordinated medical benefits have been chosen so that the automobile insurance policy is the primary payer.

Note: For Motor Vehicle Accidents, charges incurred due to injuries received in an accident involving any motor vehicle for which no-fault insurance is available are excluded from coverage, regardless of whether any such no-fault policy is designated as secondary to health coverage.

For a complete explanation on how the Plan is authorized to operate when others are responsible for your injuries please go to: www.aetnafeds.com.

Note: If the Plan recovers money through subrogation, the Medical Fund will not be reimbursed.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. If you are enrolled in our CDHP option and a FEDVIP Dental Plan, the FEDVIP plan will pay first for dental services and your Dental Fund will pay second, except for diagnostic and preventive care. When you use an in network provider, diagnostic and preventive care will be reimbursed at 100% and not count against your Dental Fund, see Section 5. Medical and Dental Funds. When you use a non-network dentist for these services, the Dental Fund will pay first and your FEDVIP plan will pay second. When you enroll in a dental and/or vision plan on BENEFEDS.com or by phone at 877-888-3337, (TTY 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Recovery rights related to Workers' Compensation

If benefits are provided by Aetna for illness or injuries to a member and we determine the member received Workers' Compensation benefits through the Office of Workers' Compensation Programs (OWCP), a workers' compensation insurance carrier or employer, for the same incident that resulted in the illness or injuries, we have the right to recover those benefits as further described below. "Workers' Compensation benefits" includes benefits paid in connection with a Workers' Compensation claim, whether paid by an employer directly, the OWCP or any other workers' compensation insurance carrier, or any fund designed to provide compensation for workers' compensation claims. Aetna may exercise its recovery rights against the member if the member has received any payment to compensate them in connection with their claim. The recovery rights against the member will be applied even though:

a) The Workers' Compensation benefits are in dispute or are paid by means of settlement or compromise;

b) No final determination is made that bodily injury or sickness was sustained in the course of or resulted from the member's employment;

c) The amount of Workers' Compensation benefits due to medical or health care is not agreed upon or defined by the member or the OWCP or other Workers' Compensation carrier; or

d) The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

By accepting benefits under this Plan, the member or the member's representatives agree to notify Aetna of any Workers' Compensation claim made, and to reimburse us as described above.

Aetna may exercise its recovery rights against the provider in the event:

a) the employer or carrier is found liable or responsible according to a final adjudication of the claim by the OWCP or other party responsible for adjudicating such claims; or

b) an order approving a settlement agreement is entered; or

c) the provider has previously been paid by the carrier directly, resulting in a duplicate payment.

Clinical trials

An approved clinical trial includes a phase I, phase II, phase III or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

- Routine care costs - costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's cancer, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan. See Section 5(b).
- Extra care costs - costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. We do not cover these costs. See Section 5(b).
- Research costs - costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This Plan does not cover these costs. See Section 5(b).

When you have Medicare

For more detailed information on "What is Medicare?" and "Should I Enroll in Medicare?" please contact Medicare at 800-MEDICARE (800-633-4227), (TTY 1-877-486-2048) or at www.medicare.gov.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be authorized or precertified as required. Also, please note that if your attending physician does not participate in Medicare, you will have to file a claim with Medicare.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 888-238-6240.

We do not waive any costs if the Original Medicare Plan is your primary payor.

Please review the following examples which illustrates your cost share if you are enrolled in Medicare Parts A and B. If you purchase Medicare Part B, your provider is in our network and participates in Medicare, then we waive some costs because Medicare will be the primary payor.

CDHP: In-network example

Benefit Description: Deductible
CDHP Option You pay without Medicare: $1,000 for Self Only enrollment, $2,000 for Self Plus One enrollment $2,000 for Self and Family enrollment in-network

You can find more information about how our plan coordinates benefits with Medicare by calling 888-238-6240 or visit our website at www.aetnafeds.com.

- **Tell us about your Medicare coverage**

  You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

  If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country.

  To learn more about Medicare Advantage plans, contact Medicare at 800-MEDICARE (800-633-4227), (TTY:877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in our Medicare Advantage Plan and also remain enrolled in our FEHB Plan. If you are an annuitant or former spouse with FEHBP coverage and are enrolled in Medicare Parts A and B, you may enroll in our Medicare Advantage plan if one is available in your area. **We do not waive cost-sharing for your FEHB coverage.** For more information, please call us at 888-788-0390.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductible. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan. For more information, please call us at 800-832-2640. **See Important Notice from Aetna about our Prescription Drug Coverage and Medicare** on the first inside page of this brochure for information on Medicare Part D.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Section 10. Definitions of Terms We Use in This Brochure

Calendar year

January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.

Catastrophic Protection

When you use network providers, your annual maximum for out-of-pocket expenses, deductibles, coinsurance, and copayments) for covered services is limited to the following:

CDHP

Self Only:

In-network: Your annual out-of-pocket maximum is $5,000.

Out-of-network: Your annual out-of-pocket maximum is $6,000.

Self Plus One:

In-network: Your annual out-of-pocket maximum is $10,000.

Out-of-network: Your annual out-of-pocket maximum is $12,000.

Self and Family:

In-network: Your annual out-of-pocket maximum is $10,000.

Out-of-network: Your annual out-of-pocket maximum is $12,000.

Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. In-network and Out-of-network out-of-pocket maximums do not cross apply and will need to be met separately in order for eligible medical expenses to be paid at 100%.

Value Plan

Self Only:

In-network: Your annual out-of-pocket maximum is $6,000.

Out-of-network: Your annual out-of-pocket maximum is $7,000.

Self Plus One:

In-network: Your annual out-of-pocket maximum is $12,000.

Out-of-network: Your annual out-of-pocket maximum is $14,000.

Self and Family:

In-network: Your annual out-of-pocket maximum is $12,000.

Out-of-network: Your annual out-of-pocket maximum is $14,000.

Once an individual meets the Self Only out-of-pocket maximum under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical expenses at 100%. The remaining balance of the Self Plus One or Self and Family out-of-pocket maximum can be satisfied by one or more family members. However, certain expenses under both options do not count towards your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum. Refer to Section 4. In-network and Out-of-network out-of-pocket maximums do not cross apply and will need to be met separately in order for eligible medical expenses to be paid at 100%.

Clinical Trials Cost Categories

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs - costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's cancer, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this plan. See Section 5(b).
- Extra care costs - costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. We do not cover these costs. See Section 5(b).
- Research costs - costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes are generally covered by the clinical trials. This Plan does not cover these costs. See Section 5(b).

Coinsurance

See Section 4.

Copayment

See Section 4.

Cost-sharing

See Section 4.

Covered services

Care we provide benefits for, as described in this brochure.

Custodial care

Any type of care provided according to Medicare guidelines, including room and board, that a) does not require the skills of technical or professional personnel; b) is not furnished by or under the supervision of such personnel or does not otherwise meet the requirements of post-hospital Skilled Nursing Facility care; or c) is a level such that you have reached the maximum level of physical or mental function and such person is not likely to make further significant improvement. Custodial care includes any type of care where the primary purpose is to attend to your daily living activities which do not entail or require the continuing attention of trained medical or paramedical personnel. Examples include assistance in walking, getting in and out of bed, bathing, dressing, feeding, using the toilet, changes of dressings of noninfected wounds, post-operative or chronic conditions, preparation of special diets, supervision of medication which can be self-administered by you, the general maintenance care of colostomy or ileostomy, routine services to maintain other service which, in our sole determination, is based on medically accepted standards, can be safely and adequately self-administered or performed by the average non-medical person without the direct supervision of trained medical or paramedical personnel, regardless of who actually provides the service, residential care and adult day care, protective and supportive care including educational services, rest cures, or convalescent care. Custodial care that lasts 90 days or more is sometimes known as long term care. Custodial care is not covered.

Deductible

See Section 4.

Detoxification

The process whereby an alcohol or drug intoxicated or alcohol or drug dependent person is assisted, in a facility licensed by the appropriate regulatory authority, through the period of time necessary to eliminate, by metabolic or other means, the intoxicating alcohol or drug, alcohol or drug dependent factors or alcohol in combination with drugs as determined by a licensed Physician, while keeping the physiological risk to the patient at a minimum.

Emergency care

An emergency medical condition is one manifesting itself by acute symptoms of sufficient severity such that a prudent layperson, who possesses average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in serious jeopardy to the person's health, or with respect to a pregnant woman, the health of the woman and her unborn child.

Experimental or investigational services

Services or supplies that are, as determined by us, experimental. A drug, device, procedure or treatment will be determined to be experimental if:

- There is not sufficient outcome data available from controlled clinical trials published in the peer reviewed literature to substantiate its safety and effectiveness for the disease or injury involved; or
- Required FDA approval has not been granted for marketing; or
- A recognized national medical or dental society or regulatory agency has determined, in writing, that it is experimental or for research purposes; or
- The written protocol or protocol(s) used by the treating facility or the protocol or protocol(s) of any other facility studying substantially the same drug, device, procedure or treatment or the written informed consent used by the treating facility or by another facility studying the same drug, device, procedure or treatment states that it is experimental or for research purposes; or
- It is not of proven benefit for the specific diagnosis or treatment of your particular condition; or
- It is not generally recognized by the Medical Community as effective or appropriate for the specific diagnosis or treatment of your particular condition; or
- It is provided or performed in special settings for research purposes.

Note: When a medical necessity determination is made utilizing the Aetna Clinical Policy Bulletins (CPBs), you may obtain a copy of the CPB through the Internet at: www.aetna.com/health-care-professionals/clinical-policy-bulletins/medical-clinical-policy-bulletins.html.

Health care professional

A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.

Medical foods

The term medical food, as defined in Section 5(b) of the Orphan Drug Act (21 U.S.C. 360ee (b) (3)) is “a food which is formulated to be consumed or administered enterally under the supervision of a physician and which is intended for the specific dietary management of a disease or condition for which distinctive nutritional requirements, based on recognized scientific principles, are established by medical evaluation.” In general, to be considered a medical food, a product must, at a minimum, meet the following criteria: the product must be a food for oral or tube feeding; the product must be labeled for the dietary management of a specific medical disorder, disease, or condition for which there are distinctive nutritional requirements; and the product must be intended to be used under medical supervision.

Medical necessity

Also known as medically necessary or medically necessary services. “Medically necessary" means that the service or supply is provided by a physician or other health care provider exercising prudent clinical judgment for the purpose of preventing, evaluating, diagnosing or treating an illness, injury or disease or its symptoms, and that provision of the service or supply is:

- In accordance with generally accepted standards of medical practice; and,
- Clinically appropriate in accordance with generally accepted standards of medical practice in terms of type, frequency, extent, site and duration, and considered effective for the illness, injury or disease; and,
- Not primarily for the convenience of you, or for the physician or other health care provider; and,
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.

For these purposes, “generally accepted standards of medical practice,” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Note: When a medical necessity determination is made utilizing the Aetna Clinical Policy Bulletins (CPBs), you may obtain a copy of the CPB through the Internet at: www.aetna.com/health-care-professionals/clinical-policy-bulletins/medical-clinical-policy-bulletins.html.

Plan allowance

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Network provider plans determine their allowances in different ways. We determine our allowance as follows:

- Network Providers - we negotiate rates with doctors, dentists and other health care providers to help save you money. We refer to these providers as “Network Providers". These negotiated rates are our Plan allowance for network providers. We calculate a member’s coinsurance using these negotiated rates. The member is not responsible for amounts that are billed by network providers that are greater than our Plan allowance.
- Non-Network Providers - Providers that do not participate in our networks are considered non-network providers. Because they are out of our network, we pay for out-of-network services based on an out-of-network Plan allowance. Here is how we figure out the Plan allowance/recognized charge.

The amount of an out-of-network provider's charge that is eligible for coverage. You are responsible for all amounts above what is eligible for coverage.

The recognized charge depends on the geographic area where you receive the service or supply. The table below shows the method for calculating the recognized charge for specific services or supplies:

Service or Supply: Professional Services and other services or supplies not mentioned below

Plan allowance/Recognized charge: 105% of the Medicare allowable rate

Service or Supply: Services of Hospitals and other facilities

Plan allowance/Recognized charge: 140% of the Medicare allowable rate

Important note: If the provider bills less than the amount calculated using the method above, the recognized charge is what the provider bills.

Geographic area is normally based on the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider geographic area such as an entire state.

Special terms used

- Involuntary services are services or supplies that are one of the following:
  - Performed at a network facility by an out-of-network provider, unless that out-of-network provider is an assistant surgeon for your surgery
  - Not available from a network provider
  - Emergency services

  We will calculate your cost share for involuntary services in the same way as we would if you received the services from a network provider.
- Medicare allowed rates are the rates CMS establishes for services and supplies provided to Medicare enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If Medicare does not have a rate, we use one or more of the items below to determine the rate:
  - The method CMS uses to set Medicare rates
  - What other providers charge or accept as payment
  - How much work it takes to perform a service
  - Other things as needed to decide what rate is reasonable for a particular service or supply
- We may make the following exceptions:
  - For inpatient services, our rate may exclude amounts CMS allows for Operating Indirect Medical Education (IME) and Direct Graduate Medical Education (DGME).
  - Our rate may also exclude other payments that CMS may make directly to hospitals or other providers. It also may exclude any backdated adjustments made by CMS.
  - For anesthesia, our rate is 105% of the rates CMS establishes for those services or supplies.
  - For laboratory, our rate is 75% of the rates CMS establishes for those services or supplies.
  - For DME, our rate is 75% of the rates CMS establishes for those services or supplies.
  - For medications payable/covered as medical benefits rather than prescription drug benefits, our rate is 100% of the rates CMS establishes for those medications.

Our reimbursement policies

We reserve the right to apply our reimbursement policies to all out-of-network services including involuntary services. Our reimbursement policies may affect the recognized charge. These policies consider:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow-up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or related to the primary service provided

- The educational level, licensure or length of training of the provider

Our reimbursement policies are based on our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice
- The views of physicians and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. The policies may be different for professional services and facility services.

We use the Plan allowance/Recognized charge when calculating a member's coinsurance amount. The member would be responsible for any amounts billed by the non-network provider that are above this Plan allowance/recognized charge, plus their coinsurance amount.

Note: See Section 4 of this brochure and www.aetnafeds.com for examples of member cost sharing for procedures in and out-of-network.

You should also see Important Notice About Surprise Billing – Know Your Rights in Section 4 that describes your protections against surprise billing under the No Surprises Act.

Post-service claims

Any claims that are not pre-service claims. In other words, post-service claims are those claims were treatment has been performed and the claims have been sent to us in order to apply for benefits.

Pre-service claims

Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.

Precertification

Precertification is the process of collecting information prior to inpatient admissions and performance of selected ambulatory procedures and services. The process permits advance eligibility verification, determination of coverage, and communication with the physician and/or you. It also allows Aetna to coordinate your transition from the inpatient setting to the next level of care (discharge planning), or to register you for specialized programs like disease management, case management, or our prenatal program. In some instances, precertification is used to inform physicians, members and other health care providers about cost-effective programs and alternative therapies and treatments.

Certain health care services, such as hospitalization or outpatient surgery, require precertification with Aetna to ensure coverage for those services. When you are to obtain services requiring precertification through a participating provider, this provider should precertify those services prior to treatment.

Note: Since this Plan pays out-of-network benefits and you may self-refer for covered services, it is your responsibility to contact Aetna to precertify those services which require precertification. You must obtain precertification for certain types of care rendered by non- network providers to avoid a reduction in benefits paid for that care.

Preventive care

Health care services designed for prevention and early detection of illnesses in average risk people, generally including routine physical examinations, tests and immunizations.

Reimbursement	A carrier's pursuit of a recovery is a covered individual that has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
Respite care	Care furnished during a period of time when your family or usual caretaker cannot, or will not, attend to your needs. Respite care is not covered.
Rollover	Any unused, remaining balance in your CDHP Medical Fund or Dental Fund at the end of the calendar year may be rolled over to subsequent years.
Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a worker's compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
Urgent care	Covered benefits required in order to prevent serious deterioration of your health that results from an unforeseen illness or injury if you are temporarily absent from our service area and receipt of the health care service cannot be delayed until your return to our service area.
Urgent care claims	A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts: • Waiting could seriously jeopardize your life or health; • Waiting could seriously jeopardize your ability to regain maximum function; or • In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. Urgent care claims usually involve Pre-service claims and not Post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine. If you believe your claim qualifies as an urgent care claim, please contact our Member Services Department at 888-238-6240. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.
Us/We	Us and we refer to Aetna Life Insurance Company.
You	You refers to the enrollee and each covered family member.

Consumer Driven Health Plan (CDHP) Definitions

Calendar year deductible	Your calendar year deductible is $1,000 for Self only enrollment, $2,000 for Self Plus One enrollment or $2,000 for Self and Family enrollment in-network and $1,500 for Self Only enrollment, $3,000 for Self Plus One enrollment and $3,000 for Self and Family enrollment out-of-network. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits. The remaining balance of the Self Plus One or Self and Family deductible can be satisfied by one or more family members.
Consumer Driven Health Plan	A network provider plan under the FEHB that offers you greater control over choices of your health care expenditures.
Dental Fund (Consumer Driven Health Plan)	Your Dental Fund is an established benefit amount which is available for you to use to pay for covered dental expenses. You determine how your Dental Fund will be spent and any unused amount at the end of the year will be rolled over in subsequent year(s).
Medical Fund (Consumer Driven Health Plan)	Your Medical Fund is an established benefit amount which is available for you to use to pay for covered hospital, medical and pharmacy expenses. All of your claims will initially be deducted from your Medical Fund. Once you have exhausted your Medical Fund, and have satisfied your deductible, Traditional medical coverage begins. The Medical Fund is not a cash account and has no cash value. It does not duplicate other coverage provided by this brochure. It will be terminated if you are no longer covered by this Plan. Only eligible expenses incurred while covered under the Plan will be eligible for reimbursement subject to timely filing requirements. Unused Medical Funds are forfeited.

Summary of Benefits for the Aetna HealthFund CDHP Plan - 2023

- **Do not rely on this chart alone**. This is a summary. All benefits are subject to the definitions, limitations, and exclusions in this brochure. Before making a final decision, please read this FEHB brochure. You can also obtain a copy of our Summary of Benefits and Coverage as required by the Affordable Care Act at www.aetnafeds.com.
- If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.
- For the Consumer Driven Health Plan (CDHP), your health charges are applied to your Medical Fund ($1,000 for Self Only, $2,000 for Self Plus One, and $2,000 for Self and Family) plus rollover amounts. Once your Medical Fund has been exhausted, you must satisfy your calendar year deductible, $1,000 for Self Only, $2,000 for Self Plus One, and $2,000 for Self and Family in-network and $1,500 for Self Only, $3,000 for Self Plus One and $3,000 for Self and Family enrollment out-of-network. You pay any difference between our allowance and the billed amount if you use a non-network physician or other health care professional. Once an individual meets the Self Only deductible under the Self Plus One or Self and Family enrollment, the Plan will begin to cover eligible medical benefits.
