This is a brief description of the features of the Aetna Dental PPO plan. Before making a decision, please read the plan's applicable federal brochure(s). All benefits are subject to the definitions, limitations and exclusions set forth in the federal brochure. DISCOUNT OFFERS ARE NOT INSURANCE. They are not benefits under your insurance plan. You get access to discounts off the regular charge on products and services offered by third party vendors and providers. Aetna makes no payment to the third parties — you are responsible for the full cost. Check any insurance plan benefits you have before using these discount offers, as those benefits may give you lower costs than these discounts. Information is believed to be accurate as of the production date; however, it is subject to change. **AetnaFeds.com/Dental** for more information about Aetna® plans.

Estimated costs are not available in all markets or for all services. We provide an estimate for the amount you would owe for a particular service based on your plan at that very point in time. It is not a guarantee. Actual costs may differ from an estimate for various reasons including claims processing times for other services, providers joining or leaving our network or changes to your plan.
