Introduction

On December 23, 2004, President George W. Bush signed the Federal Employee Dental and Vision Benefits Enhancement Act of 2004 (Public Law 108-496). The Act directed the Office of Personnel Management (OPM) to establish supplemental dental and vision benefit programs to be made available to Federal employees, annuitants, and their eligible family members. In response to the legislation, OPM established the Federal Employees Dental and Vision Insurance Program (FEDVIP). OPM has contracted with dental and vision insurers to offer an array of choices to Federal employees and annuitants.

This brochure describes the benefits of Aetna Dental under Aetna Life Insurance Company's contract OPM01-FEDVIP-01AP-1 with OPM, as authorized by the FEDVIP law. The address for our administrative office is:

You and your family members do not have a right to benefits that were available before January 1, 2018, unless those benefits are also shown in this brochure.

If you are enrolled in this plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One, you and your designated family member are entitled to these benefits. If you are enrolled in Self and Family coverage, each of your eligible family members is also entitled to these benefits, if they are also listed on the coverage.

OPM negotiates benefits and rates with each carrier annually. Rates are shown at the end of this brochure.

Continued participation of any specific doctor cannot be guaranteed. Thus, you should choose your plan based on the benefits provided and not on a specific provider's participation. When you phone for an appointment, please remember to verify that the provider is currently in-network. You cannot change plans because of changes to the provider network.

Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If you require the services of a specialist and one is not available in your area, please contact us for assistance.

Section 2 Enrollment

Enroll Through BENEFEDES

You must use BENEFEDES to enroll or change enrollment in a FEDVIP plan. BENEFEDES is a secure enrollment website (www.BENEFEDES.com) sponsored by OPM. If you do not have access to a computer, call 1-877-888-FEDS (1-877-888-3337), TTY number 1-877-889-5680 to enroll or change your enrollment.

If you are currently enrolled in FEDVIP and do not want to change plans, **your enrollment will continue automatically. Please Note:** your plans' premiums may change for 2018.

Note: You cannot enroll or change enrollment in a FEDVIP plan using the Health Benefits Election Form (SF 2809) or through an agency self-service system, such as Employee Express, PostalEase, EBIS, MyPay, or Employee Personal Page. However, those sites may provide a link to BENEFEDES.

Enrollment Types

Self Only: A Self Only enrollment covers only you as the enrolled employee or annuitant. You may choose a Self Only enrollment even though you have a family, however, your family members will not be covered under FEDVIP.

Self Plus One: A Self Plus One enrollment covers you as the enrolled employee or annuitant plus one eligible family member whom you specify. You may choose a Self Plus One enrollment even though you have additional eligible family members, but the additional family members will not be covered under FEDVIP.

Self and Family: A Self and Family enrollment covers you as the enrolled employee or annuitant and all of your eligible family members. You must list all eligible family members when enrolling.

Dual Enrollment

If you or one of your family members is enrolled in or covered by one FEDVIP plan, that person cannot be enrolled in or covered as a family member by another FEDVIP plan offering the same type of coverage; i.e., you (or covered family members) cannot be covered by two FEDVIP dental plans or two FEDVIP vision plans.

Opportunities to Enroll or Change Enrollment

Open Season

If you are an eligible employee or annuitant, you may enroll in a dental and/or vision plan during the November 13 through midnight EST December 11, 2017 Open Season. Coverage is effective January 1, 2018.

During future annual Open Seasons, you may enroll in a plan, or change or cancel your dental and/or vision coverage. The effective date of these Open Season enrollments and changes will be set by OPM. If you want to continue your current enrollment, do nothing. **Your enrollment carries over from year to year, unless you change it.**

New hire/Newly eligible

You may enroll within 60 days after you become eligible as:

- a new employee;
- a previously ineligible employee who transferred to a covered position;
- a survivor annuitant if not already covered under FEDVIP; or
- an employee returning to service following a break in service of at least 31 days.

Your enrollment will be effective the first day of the pay period following the one in which BENEFEDES receives and confirms your enrollment.

Qualifying Life Event

A qualifying life event (QLE) is an event that allows you to enroll, or if you are already enrolled, allows you to change your enrollment outside of an Open Season.

The following chart lists the QLEs and the enrollment actions you may take.

Qualifying Life Event	From Not Enrolled to Enrolled	Increase Enrollment Type	Decrease Enrollment Type	Cancel	Change from One Plan to Another
Marriage	Yes	Yes	No	No	Yes
Acquiring an eligible family member (non-spouse)	No	Yes	No	No	No
Losing a covered family member	No	No	Yes	No	No
Losing other dental/vision coverage (eligible or covered person)	Yes	Yes	No	No	No
Moving out of regional plan's service area	No	No	No	No	Yes
Going on active military duty, non-pay status (enrollee or spouse)	No	No	No	Yes	No
Returning to pay status from active military duty (enrollee or spouse)	Yes	No	No	No	No
Returning to pay status from Leave without pay	Yes (if first time enrollment or cancelled during LWOP)	No	No	No	Yes (if enrollment cancelled during LWOP)
Annuity/compensation restored	Yes	Yes	Yes	No	No
Transferring to an eligible position*	No	No	No	Yes	No

*Position must be with a Federal agency that provides dental and/or vision coverage with 50 percent or more employer-paid premium and you elect to enroll.

The timeframe for requesting a QLE change is from 31 days before to 60 days after the event. There are two exceptions:

- There is no time limit for a change based on moving from a regional plan's service area; and
- You cannot request a new enrollment based on a QLE before the QLE occurs, except for enrollment because of the loss of dental or vision insurance. You must make the change no later than 60 days after the event.

Generally, enrollments and enrollment changes made based on a QLE are effective on the first day of the pay period following the one in which BENEFEDS receives the enrollment or change. BENEFEDS will send you confirmation of your new coverage effective date.

Once you enroll in a plan, your 60-day window for that type of plan ends, even if 60 calendar days have not yet elapsed. That means once you have enrolled in either plan, you cannot change or cancel that particular enrollment until the next Open Season, unless you experience a QLE that allows such a change or cancellation.

This is a one time opportunity. Once you make an election, you may not change your elected plan until the next Open Season.

Canceling an enrollment

You may cancel your enrollment only during the annual Open Season. An eligible family member's coverage also ends upon the effective date of the cancellation.

Your cancellation is effective at the end of the day before the date OPM sets as the Open Season effective date.

When Coverage Stops

Coverage ends when you:

- no longer meet the definition of an eligible employee or annuitant;
- begin a period of non-pay status or pay that is insufficient to have your FEDVIP premiums withheld and you do not make direct premium payments to BENEFEDS;
- are making direct premium payments to BENEFEDS and you stop making the payments; or
- cancel the enrollment during Open Season.

Coverage for a family member ends when:

- you as the enrollee lose coverage; or
- the family member no longer meets the definition of an eligible family member.

Continuation of Coverage

Under FEDVIP, there is no 31-day extension of coverage. The following are also NOT available under the FEDVIP plans:

- Temporary Continuation of Coverage (TCC);
- spouse equity coverage; or
- right to convert to an individual policy (conversion policy).

FSAFEDS/High Deductible Health Plans and FEDVIP

If you are planning to enroll in an FSAFEDS Health Care Flexible Spending Account (HCFSA) or Limited Expense Health Care Flexible Spending Account (LEX HCFSA), you should consider how coverage under a FEDVIP plan will affect your annual expenses, and thus the amount that you should allot to an FSAFEDS account. Please note that insurance premiums are not eligible expenses for either type of FSA.

If you have an HCFSA or LEX HCFSA FSAFEDS account and you haven't exhausted your funds by December 31st of the plan year, FSAFEDS can automatically carry over up to \$500 of unspent funds into another health care or limited expense account for the subsequent year. To be eligible for carryover, you must be employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31. You must also actively reenroll in a health care or limited expense account during the NEXT Open Season to be carryover eligible. Your reenrollment must be for at least the minimum of \$100. If you do not reenroll, or if you are not employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31st, your funds will not be carried over.

Because of the tax benefits an FSA provides, the IRS requires that you forfeit any money for which you did not incur an eligible expense and file a claim in the time period permitted. This is known as the "Use-it-or-Lose-it" rule. Carefully consider the amount you will elect.

For a health care or limited expense account, each participant must contribute a minimum of \$100 to a maximum of \$2,600.

Current FSAFEDS participants must re-enroll to participate next year. See www.fsafeds.com or call 1-877-FSAFEDS (372-3337) or TTY: 1-866-353-8058.

Aetna will transmit plan payment information for members that enroll in an FSAFEDS Health Care Flexible Spending Account (HCFSA) or Limited Expense Health Care Flexible Spending Account (LEX HCFSA) to the FSAFEDS carrier. Members that participate are not required to submit claims on behalf of the Aetna Dental plan to be reimbursed.

If you enroll or are enrolled in a high deductible health plan with a health savings account (HSA) or health reimbursement arrangement (HRA), you can use your HSA or HRA to pay for qualified dental/vision costs not covered by your FEHB and FEDVIP plans.

Section 3 How You Obtain Care

Identification cards/ Enrollment Confirmation

ID cards are not provided, and are not required to obtain service. We will send you an enrollment confirmation letter when you enroll. For members who wish to carry an ID card, you may print one online from Aetna Navigator.

It is important to tell your provider about your FEHB coverage at every appointment since most FEHB plans offer some level of dental benefits separate from your FEDVIP coverage. This ensures that you receive the maximum allowable benefit under each Program.

Where You Get Covered Care

You may obtain care from any licensed dentist in the United States or overseas.

Plan Providers

We list plan providers in the provider directory, which we update periodically. The list is also on our website which is updated three times per week at: www.aetnafeds.com.

In-Network

We negotiate rates with dentists and other health care providers to help save you money. We refer to these providers as “In-Network providers”. These negotiated rates are our Plan allowance for network providers. If you use in-network dentists to obtain covered care, benefits are paid at the in-network level. You are responsible for covered charges up to our negotiated plan allowance. You are not responsible for the difference between the plan payment and the amount billed.

Out-of-Network

You may obtain care from any licensed dentist. If the dentist you use is not part of our network, benefits will be considered out-of-network. Because these providers are out of our network, we pay for out-of-network services based on an out-of-network Plan allowance. You are responsible for the difference between the Plan payment and the amount billed.

Pre-Certification

You and your dentist may request us to precertify dental procedures that your dentist plans to perform. We will provide an explanation of benefits to both you and your dentist that will indicate if procedures are covered and what we will pay for those specific services.

First Payor

When you visit a provider who participates with both, your FEHB plan and your FEDVIP plan, the FEHB plan will pay benefits first. The FEDVIP plan allowance will be the prevailing charge in these cases. You are responsible for the difference between the FEHB and FEDVIP benefit payments and the FEDVIP plan allowance. We are responsible for facilitating the process with the primary FEHB payor.

SPECIAL NOTE: If you are enrolled in Aetna’s Consumer Driven Health Plan (CDHP) under the FEHB, the Dental Fund will not follow the First Payor rule for any service provided by a network dentist. However, preventive services provided by a non-network dentist would be payable from the Dental Fund and follow the First Payor rule.

Coordination of Benefits

We will coordinate benefit payments with the payment of benefits under other group health benefits coverage (non-FEHB) you may have and the payment of dental costs under no-fault insurance that pays benefits without regard to fault.

SPECIAL NOTE: If you are enrolled in Aetna’s Consumer Driven Health Plan (CDHP) under the FEHB, the Dental Fund will not follow the First Payor rule for any service provided by a network dentist. However, preventive services provided by a non-network dentist would be payable from the Dental Fund and follow the First Payor rule.

We may request that you verify/identify your health insurance plan(s) annually or at time of service.

Here is an example of how we would coordinate benefits if a non-FEHB plan was primary:

Primary plan payment based on schedule fee, we are secondary.	
In-Network Dentist's Fee	\$200.00*
Plan Allowance	\$150.00
Primary Plan's Scheduled Amount	\$125.00
Primary Plan's Payment	\$125.00
FEDVIP Payment	\$25.00 (\$150.00 - \$125.00)
Member Payment	\$0.00

*You are not responsible for the \$50.00 difference between the dentist's fee and the plan allowance, when you use an in-network dentist. The dentist cannot bill you for this amount.

Rating Areas

Your rates are determined based on where you live. This is called a rating area. If you move, you must update your address through BENEFEDS. Your rates may change because of the move.

Limited Access Areas

If you live in an area with limited access to a network provider and you receive covered services from an out-of-network provider, we will pay the same benefit level as if you utilized the services of an in-network provider. You are responsible for any difference between the amount billed and our payment. Call us at 1-800-537-9384, if you are having problems locating a dentist in your area.

Alternate Benefit

If more than one service or procedure can be used to treat the covered person's dental condition, Aetna may decide to authorize coverage only for the less costly covered service or procedure when that service is deemed by the dental profession to be an appropriate method of treatment and the service selected must meet broadly accepted national standards of dental practice.

Dental Review

Our review process includes periodontal surgery, crowns, occlusal adjustments and there are other services that are looked at, if they are submitted on the same claim as another service. Your provider should submit x-rays with crowns and periodontal charting with periodontal surgeries.

Section 4 Your Cost For Covered Services

This is what you will pay out-of-pocket for covered care:

Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. Example: In our plan, you pay 40% for minor restorative service.
Annual Benefit Maximum	Once you reach this amount, you are responsible for all charges. Each member has a \$25,000 In-Network or \$2,000 Out-of-Network annual benefit maximum under this plan. In no event will benefits be greater than \$25,000. Note: In-Network and Out-of-Network amounts cross apply. Once the \$2,000 has been paid for in or out-of-network services, only in-network claims are eligible for reimbursement up to the \$25,000 maximum.
Lifetime Benefit Maximum	We have a lifetime benefit maximum for orthodontic services. Once you reach this amount, you are responsible for all charges. Our lifetime orthodontic benefit maximum is \$2,000.
In-Network Services	You pay the coinsurance percentage of our network allowance for covered services. You are not responsible for charges above that allowance.
Out-of-Network Services	If the dentist you use is not part of our network, benefits will be considered out-of-network. Because these providers are not part of our network, we pay for out-of-network services based on an out-of-network Plan allowance. Please see Plan allowance below to review how we determine Plan allowance for out-of-network services.
Emergency Services	Emergency services are defined as those dental services needed to relieve pain or prevent the worsening of a condition when that would be caused by a delay.
Plan Allowance	Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Network provider plans determine their allowance in different ways. We determine our allowance as follows: <ul style="list-style-type: none">• Network Providers – we negotiate rates with doctors, dentists and other health care providers to help save you money. We refer to these providers as “Network providers”. These negotiated rates are our Plan allowance for network providers. We calculate a member’s coinsurance using these negotiated rates. The member is not responsible for amounts that are billed by network providers that are greater than our Plan allowance.• Non-Network providers – Providers that do not participate in our networks are considered non-network providers. Because they are out of our network, we pay for out-of-network services based on an out-of-network Plan allowance. Here is how we figure out the Plan allowance.

We get information from Fair Health. Health plans send Fair Health copies of claims for services they receive from providers. The claims include the date and place of service, the procedure code and the provider’s charge. Fair Health combines this information into databases that show how much providers charge for just about any service in any zip code. Providers’ charges for specific procedures are grouped in percentiles from low to high. Charges that fall in the middle are grouped into the 50th percentile. We use the 80th percentile to calculate how much to pay for out of network services. Payment of the 80th percentile means 80 percent of charges in the database are the same or less for that service in a particular zip code. We use the 80th percentile amount as the Plan allowance. We would use the Plan allowance when calculating a member’s coinsurance amount. The member would be responsible for any amounts billed by the non-network provider that are above the Plan allowance, plus their coinsurance amount.

Section 5 Dental Services and Supplies Class A Basic

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.
- There is no deductible.
- The annual benefit maximum is \$25,000 In-Network or \$2,000 Out-of-Network per covered person for Class A, B and C services.
- Note: In-Network and Out-of-Network amounts cross apply. Once the \$2,000 has been paid for in or out-of-network services, only in-network claims are eligible for reimbursement up to the \$25,000 maximum.
- Alternate benefits - if more than one service can be used to treat your dental conditions, we may decide to authorize alternate treatment coverage only for less costly covered service provided that the service selected must be deemed by the dental profession to be an appropriate method of treatment.
- Any dental service or treatment not listed as a covered service is not eligible for benefits.

You Pay:

- **In-Network:** \$0. You are not responsible for charges above our network allowance when you use a network dentist.
- **Out-of-Network:** \$0 up to the plan allowance when you use a non-network dentist. You will be responsible for the difference between the plan payment and the amount billed by the dentist.

- Services and treatment which are not medically or dentally necessary, or which are not recommended or approved by the treating dentist (Services determined to be unnecessary or which do not meet accepted standards of dental practice are not billable to you by a participating dentist unless the dentist notifies you of your liability prior to treatment and you choose to receive the treatment. Section 8 Claims Filing and Disputed Claims Processes

How to File a Claim for Covered Services

To obtain claim forms or other claim filing advice or answers about your benefits, contact us at 1-800-537-9384 or go to our web site at www.aetnafeds.com.

Deadline for Filing Your Claim

Send us all of the documents for your claim, as soon as possible, to: Aetna, PO Box 14094, Lexington, KY 40512-4094.

You must submit claims by December 31 of the year after the year you received the service unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as possible. Once we pay the benefits, there is a two-year limitation of uncashed checks.

Disputed Claims Process

Follow this disputed claims process if you disagree with our decision on your claim or request for services. **The FEDVIP law does not provide a role for OPM to review disputed claims.**

1. Ask us in writing to reconsider our initial decision. You must:

- a) Write to us within 6 months from the date of our decision; and
- b) Send your request to us at: Aetna, Attention: National Accounts, P.O. Box 14597, Lexington, KY 40512-4597; and

Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. This is your first level appeal.

2. We have 30 days from the date we receive your request to:

- a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or
- b) Write to you and maintain our denial – go to step 3; or
- c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.

We will write to you with our decision.

3. If the dispute is not resolved through the reconsideration process, and the reason for the denial was based on medical necessity or for experimental or investigational reasons, you have the right to file a second level appeal. That appeal must be submitted within 60 days following the receipt of our first level denial.

4. If you do not agree with our final decision, and the amount of your claim is more than \$300 and the plan denied your claim because it did not consider the treatment medical necessity, you may request an independent third party, mutually agreed upon by us and OPM, review the decision. You have 30 days from the date you received our final decision to request a third party review.

The decision of the independent third party is binding and is the final review of your claim. This decision is not subject to judicial review.

Section 9 Definitions of Terms We Use in This Brochure

Alternate Benefit	If more than one service or procedure can be used to treat the covered person's dental condition, Aetna may decide to authorize coverage only for the less costly covered service or procedure when that service is deemed by the dental profession to be an appropriate method of treatment and the service selected must meet broadly accepted national standards of dental practice.
Annual Benefit Maximum	The maximum annual benefit that you can receive per person.
Annuitants	Federal retirees (who retired on an immediate annuity), and survivors (of those who retired on an immediate annuity or died in service) receiving an annuity. This also includes those receiving compensation from the Department of Labor's Office of Workers' Compensation Programs, who are called compensationers. Annuitants are sometimes called retirees.
BENEFEDS	The enrollment and premium administration system for FEDVIP.
Benefits	Covered services or payment for covered services to which enrollees and covered family members are entitled to the extent provided by this brochure.
Class A Services	Basic services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
Class B Services	Intermediate services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
Class C Services	Major services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
Class D Services	Orthodontic services.
Enrollee	The Federal employee or annuitant enrolled in this plan.
FEDVIP	Federal Employees Dental and Vision Insurance Program.
Generally Accepted Dental Protocols	Services that are customarily used nationwide and "deemed by the profession to be appropriate". They must meet broadly accepted national standards of practice.
Plan Allowance	<p>Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Network provider plans determine their allowance in different ways. We determine our allowance as follows:</p> <ul style="list-style-type: none">• Network Providers – we negotiate rates with doctors, dentists and other health care providers to help save you money. We refer to these providers as “Network providers”. These negotiated rates are our Plan allowance for network providers. We calculate a member's coinsurance using these negotiated rates. The member is not responsible for amounts that are billed by network providers that are greater than our Plan allowance.• Non-Network providers – Providers that do not participate in our networks are considered non-network providers. Because they are out of our network, we pay for out-of-network services based on an out-of-network Plan allowance. Here is how we figure out the Plan allowance.

We get information from Fair Health. Health plans send Fair Health copies of claims for services they receive from providers. The claims include the date and place of service, the procedure code and the provider's charge. Fair Health combines this information into databases that show how much providers charge for just about any service in any zip code. Providers' charges for specific procedures are grouped in percentiles from low to high. Charges that fall in the middle are grouped into the 50th percentile. We use the 80th percentile to calculate how much to pay for out of network services. Payment of the 80th percentile means 80 percent of charges in the database are the same or less for that service in a particular zip code. We use the 80th percentile amount as the Plan allowance. We would use the Plan allowance when calculating a member's coinsurance amount. The member would be responsible for any amounts billed by the non-network provider that are above the Plan allowance, plus their coinsurance amount.

Pre-Certification

This is the procedure used by the plan to pre-approve services and the amount that the plan will cover.

Tooth Missing but Not Replaced Rule

The first installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services will be covered if:

- The dentures, bridges or other prosthetic services are needed to replace one or more natural teeth that were removed while covered under a participating FEDVIP plan; and
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 5 years. The extraction of third molars does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Waiting Period

The amount of time that you must be enrolled in this plan before you can receive orthodontic services.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Dental and Vision Insurance Program premium.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your providers, plan, BENEFEDS, or OPM.
- Let only the appropriate providers review your clinical record or recommend services.
- Avoid using providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review your explanation of benefits (EOBs) statements.
- Do not ask your provider to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800-537-9384 and explain the situation.
- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over age 22 (unless he/she is disabled and incapable of self-support).

If you have any questions about the eligibility of a dependent, please contact BENEFEDS.

Be sure to review Section 1, Eligibility, of this brochure, prior to submitting your enrollment or obtaining benefits.

Fraud or intentional misrepresentation of material fact is prohibited under the plan. You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEDVIP benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the plan, or enroll in the plan when you are no longer eligible.
