

Hello retired federal employees, thanks for checking in.

It's important for us to bring our heart to every moment of your health. And because you're a federal retiree with Medicare Parts A and B, we're excited to share information about our retiree focused Aetna MedicareSM Plan (PPO). We offer the Aetna Advantage plan through the Federal Employees Health Benefits (FEHB) Program, and with that plan you can opt in to the Aetna Medicare Advantage plan for enhanced coverage. And since being retired may have changed your current needs, it's time to look. It offers great coverage at an affordable price with low, or no out-of-pockets costs. **See for yourself:**

When you become eligible for Medicare, you have the option to switch your enrollment through the Office of Personnel Management (OPM), to a less expensive plan. This change can be made 30 days before you're eligible for Medicare, and any time after.

Can I use the same providers? Will my prescriptions still be covered?

Though you have a new plan option, chances are you may be able to continue seeing your doctors. With Aetna Medicare Advantage, you pay the same cost for any doctor or hospital according to the costs listed on the plan benefits summary. The provider must be eligible to receive Medicare payment and accept the Aetna plan. Please use the resources on [AetnaFeds.com](https://www.aetna.com) to confirm your doctors and prescription drug.
